

# Fish Hoek Primary School

ESTABLISHED 1928

GRADES: Pre R - 7

## POLICY ON INCLUSIVITY

### **FHPS is not a fully inclusive school.**

Accommodation is given to pupils with special needs depending on the school's facilities and resources.

Examples of these accommodations are:

- Spelling dispensations
- Readers
- Scribes
- Extra time
- Electronic devices
- Enlarged print
- Prompts

Pupils who qualify for any dispensations must have had an assessment and diagnosis by a professional qualified person. Our Remedial Department will finalize and monitor the specific dispensations needed by the pupil/s.

As we are not a fully inclusive school, FHPS does not promote/cater for/ allow having any facilitators in the classrooms, on outings or on camps.

If/when a child's specific needs outweigh the support the school can give him/her or if the special needs child's behaviour or condition negatively affects the other pupils or the teacher, the parents/carers are called in to discuss the best way forward for the child. This includes any physical disability as well.
