

Fish Hoek Primary School

ESTABLISHED 1928

GRADES: Pre R - 7

INDEMNITY POLICY

Parents fill in medical information on the application forms, message books and verification forms. The message books and verification forms are sent home every year to verify/update information. The onus is on the parents to inform the school if any changes occur.

If a child is injured during school time or at sports practices, CMR is called (sponsored by Mica). If the child needs to be hospitalized, the parents are called first. The child will then be taken (with the parent's permission) to a Private hospital (if the parents have Medical Aid), a State hospital (if the parents do not have Medical Aid), or the Military hospital (if parents work for the Navy). All costs will have to be covered by the parents.

A staff member will go in the ambulance with the child, if the parents are unable to make it to school in time.

Outings:

The staff in charge take the verification forms (file) with them.

Tours / Camps:

Parents to complete the Indemnity form and send it back to school. Failure to do so, will result in the child not being allowed to go on the tour/camp.

Staff/coaches:

All staff to fill in the Medical Information form. This information will be kept in the Finance office.

It's all about our kids
