Summer Playground

We have one more popup on May 25th with 12 registered.

We currently have 105 children registered for Summer Playground. We had one CPR Class yesterday (May 10) and another one on May 23. I opened it to the public but only got 6 people sign up. May try to do another one in the fall between fall and winter sports maybe? It is a busy time for paperwork and go over everything for the start of summer playground. families right now. We have a meeting on May 30th to complete paperwork and go over the changes for this year. We also have a meeting with the education department on June 1st. We go to West on June 7 & 8 to go through supplies and get what we need to take to Lower and will setup on June 13 & 14.

Counselors from the Middle School, West & Rocks have reached out to see if we can help families again this year like we did last year. Last year we helped 10 families and allowed them to attend Summer Playground for free. This year I think we can help them again with a discounted registration of \$50 per child, if you are all good with that. The \$50 will help offset the additional fees for activities and swim days.

Next meeting will be **Thursday, June 8, 2023 @ 7pm - Zoom**
