

MJF and Associates, Inc.

RED CEDAR CANYON TOWNHOUSE ASSOCIATION

DO NOT PRUNE REQUEST

The board of directors realizes that shrub/perennial trimming is a subjective service and as such, some homeowners may prefer to trim their own shrubs/perennials or to contract this service with a company of their choosing. Shrub pruning will occur twice per year, once in June and again in July/August. Homeowners are allowed to do their own trimming only in June. All shrubs/perennials will be pruned by the association’s lawn care/landscape vendor in July/August.

If you do not want the homeowner’s association to trim your shrubs/perennials in June, please fill out the form below and send the completed for to MJF and Associates no later than June 15, 2022. If your form is not received by June 15, 2022, your shrubs/perennials will be trimmed by the association landscaper.

If you choose to trim your own shrubs/perennials and would like the vendor to dispose of clippings for you, clippings must be placed in front of your unit before June 19, 2022. After this date, homeowners will need to dispose of clippings themselves.

NOTE: If you decline to have your shrubs/perennials trimmed by the association landscaper, you are not entitled to a deduction on your association dues, nor will the association refund you for charges you incur by hiring your own shrub/perennial trimming contractor.

I **do not** want the homeowner’s association to prune my shrubs/perennials in June. I will tend my shrubs/perennials myself or hire another contractor to care for them.
