Happy Autumn From Megan Loose's healing space!

Welcome to our newsletter and thanks for sharing in this community.

It takes all of us healing to heal the world.

Mercury is finally direct! Hungry Ghost Month is over! And Feng Shui eases the remainder of the year! Yay 😊 I hope you are enjoying this most beautiful time of Autumn. 🍁🍂

Affirmation of the month 🙏

The Angel of the month is **Archangel Michael** because he visited me in October of 1999. Call on him for help with justice, protection, and path. His color is deep purplish blue, and his crystal is **sugelite**.

I am everything I want to be. I breathe with belief and I see it.

October Goings on 🍷 ✨ 🌹

I am editing a manuscript to submit to Hay House for a December 15th deadline:

Staying Alive is the First Step; healing anxiety and depression with spirit and higher purpose.

I need to trim 40k words, so wish me luck because I'm wordy 😬 Just call me Flow Writer!
😊📖 But having received feedback in their last contest, I'm ever closer to a book deal and partnership with them! 🙌📖

October Tips:

Energy healing tip ✨

As our sun begins to wane and your body and mind shift with the light, make time to be in nature every day to rebalance. Call the light of the sun to you, feel it absorb into you, lighten, and uplift you. All light responds immediately to our calls for it, and adding light to our visualizations activates them dynamically.

Writing tip ✍️

Autumn is a potent time to get outside and write. Autumn is for the poets! Find a beautiful spot where the leaves are changing, get in tune with the changes in your life and write a poem...even just a few lines. Here is mine :

🍁 Gape at the beauty that is September,

🍁 Gaze and awe at the blue and gold.

🍁 Staring and falling into its glory,

🍁 In Autumn's revelry I grow old.

October Feng Shui tips 🇨🇳

Protect **children** with more metal, white, and healing stones (malachite, tourmaline, fluorite etc.) or place in the west to balance.

If you are a **rabbit**, wear more blues and blacks, and drink more water. **Rats**, keep metal with you or wear more jewelry and white.

If you are an **Ox or Tiger (or you know your Kua number is 8)** watch out for hostility, and cure by wearing fire colors or carrying rose quartz.

Women, Goats, and Monkeys enjoy more heavenly help this month.

And for all, collaborations strengthen, and money builds!
💰 yay 😊
