## WELCOME NEWSLETTER

### SCHOOL RESOURCES

We are excited to be partners in care! There is so much information as we grow with your family and help connect you with our teachers and other families. We know children love their families the most and how important each family's role is in our early learning experiences. Below are links to family portals for tuition information, parent engagement, and staying up-to-date with school communication.

### PARENT PORTAL

Families can access account balances and payment history anytime, including updating family information. [\(LINK\)](#)

### PAYMENT PORTAL

We offer a payment processing system that allows secure payments to be made from either your bank account or credit card. You can complete a form and return it to the office for us to set up your account. [\(FORM\)](#)

### PROCARE CONNECT

We share daily communication, photos, and videos through a parent engagement app! Families will receive a welcome email. [\(FLYER\)](#)

# POLICIES ALIGNED TO FAMILY WISHES

Parents should know the areas where parents' wishes will guide our educators, where educators and parents will negotiate an outcome comfortable for both, and where program practices are fixed and non-negotiable. The longest list is negotiable, so understanding the program's short list of non-negotiable practices and policies is important to establish a strong and successful partnership.

**The best practices and policies that are non-negotiable to ensure a positive climate and healthy learning environment are:**

1. Illness Policy
2. Nutrition & Outside Food
3. School Hours and Late Pick-up
4. Program-Wide Expectations
5. Tuition Schedule

Our program's practices are based on the program's philosophy and beliefs, and we recognize there are many wonderful ways to foster a loving community of young learners. Our practices and policies promote a safe, nurturing, creative environment designed for exploration and learning, which enables a safe place of high expectations that engages and challenges the minds and bodies of all its children and prepares them for success in school and life. Communicating with your child's teachers

regularly and participating, whenever possible, in the classroom and recommended at-home activities can strengthen bonds and provide opportunities to exchange information and discover shared practices. Our partnerships begin before enrollment, as we know all the steps it takes for a family to transition smoothly!
