Has It been a year already, wow time flies by when you're having a blast.

I first wanna start by saying what a pleasure it has been to represent Club 200 to the best of my ability, it has been a true honour to be able to represent a club that has shown me so much love and support.

The staff, Allen, Joel and everyone there who has supported me and cheered me on when I was really scared. When I really didn't know what I was doing you guys were there for me through it all!

To the Sunshine Bunch - if it wasn't for you guys and the sunshine house in general this would have never been a possibility.

To the Horrors of Lady Frances - Words cannot begin to describe the amount of love I have for all of you. We have been through alot together and we have not just survived it but thrived doing it.

To Soleil Midowne - for always being the superstar you are and for always being there for me, from the ups to the downs you have stuck with me.

To the House of Haze Local Honey Haze and Waaseyaa Haze - I can't believe I get the chance to call you my family. Everyday I wake up grateful to have such amazing and talented people on my life who I am lucky to call My Family

To the Bannock Babes - y'all are my rock! All the trips and rides have been amazing.

To all my aunties and uncles in the drag scene who have not only helped me with either advice, tips tricks but clocked me when I needed it.

To Connie Vicious and Jackie Juicette Robillard & Breyanna Burlesque for your decade, double decade, and triple decade as Miss Club 200s congratulations!

To all former Miss Club 200s - without y'all I truly would not be here. All the stories you shared with me about yesterpasts will stay with me forever!

To those we sadly lost this year in particular Margaret Olmond and Andrea Foxx - I'm forever grateful that I had the pleasure of having both of you in my life. There's not a day that goes by that I don't think about the times we spent together. Rest in Power legends

And to every single person who has been there for me during this reign - thank you all from the bottom of my heart. I wouldn't be here without every single one of you here supporting me.

It has been truly an amazing experience that I will cherish forever

Sometimes life hits you so hard that you don't feel like you can get through it, but remember someone, somewhere loves you very much.

Stay strong, stay focussed, and things will change for the better!

*Xoxo

Seems like only yesterday I was pinning that hat to your head - yet a year has come and gone! Seems so quick yet your reign will last a lifetime and will not be forgotten! I have nothing but respect for everything you do & wish you all the best on every endeavour you take on.

I hope tonight's contestants bring their best foot forward and know this is a very big stiletto to fill. So bring your best and don't f&k up!*

As well congrats to my sister from "Where the trappers call". Enjoy your triple anniversary!

I hope you found peace & thank you for your influence in the name I will carry for the rest of my life. Jackie Juicette Robillard you be forever missed.

Now - before this turns into a novel I just have to congratulate the unforgettable Breyanna Burlesque, ten years can come and go so fast, yet the only thing that time cannot touch is the energy you bring to the stage. Noting but love and respect to you.

Anyway, I am done ranting & you're done reading so lets get on with the show!!!
