

design joinery and doors

- Please supply specific details/diagrams for **pantry doors** and **island back 'ends'** where possible when ordering other than 'standard'
- We recommend you photo-copy this page and fax through with your order
- Standard frame-work for timber doors is 65 mm
- Please specify double mid rail and 'kicker' rail heights on diagram

'Arch' design pantry doors

- standard arch *top* and *mid* rail is 90 mm - standard arch *double mid* rail is 90 mm + 65 mm = 155 mm (unless otherwise stipulated on order form and diagrams)

'Square' design pantry doors

- standard rails are 65mm - standard *double mid* rail is 130 mm (unless otherwise stipulated on order form and diagrams)
