

FINAL PUBLIC COMMENT HEARING RESULTS ON THE 2016 PROPOSED CHANGES TO THE INTERNATIONAL CODES – GROUP B

The following is a comprehensive list of the official results from the 2016 Public Comment Hearings held in Kansas City, MO, October 19-25, 2016 for those code change proposals heard individually on the public comment hearing agenda. The results from the public comment hearing set the voting options on the ballot for each code change proposal in the Online Governmental Consensus Vote.

The voting options for the Online Governmental Consensus Vote (OGCV) in accordance with Section 8.1 of CP 28 are listed for each code change proposal alongside the public comment hearing results. The OGCV is scheduled to open on November 8 and close on November 22. All Governmental Member Voting Representatives who were validated for the 2016 Group B cycle and Honorary Members are eligible to vote on the OGCV.

Since electronic voting was not used at the PCH or corresponding vote counts recorded in the system, the vote tally from the PCH will not be combined with the vote tally from the OGCV to determine the Final Action. The vote tally from only the votes cast on the OGCV will determine the Final Action on the code changes.

Since your vote at the PCH will not be transferred to the OGCV, eligible voters who participated at the PCH are strongly encouraged to vote on the OGCV in order to have your vote considered in the Final Action determination.

As in the past, voters will have access to the hearing video from both the Public Comment and Committee Action Hearings. Non-eligible voters will also be able to log-in and view the OGCV ballot, but will not be permitted to vote.
