

PUBLIC COMMENT HEARING RESULTS ON THE 2015 PROPOSED CHANGES TO THE INTERNATIONAL CODES – GROUP A

This is a summary of the actions taken on the 2015 Public Comments to the ICC Group A International Codes at the **September 30 – October 5, 2015** Public Comment Hearings (PCH) held in Long Beach, CA.

As posted on the ICC website, cdpACCESS performed well during the PCH. Despite extensive testing prior to the PCH, the onsite voting device technology presented unexpected problems which lead to the use of hand counts as has been done in the past. The code changes which were voted with the electronic devices included, in PCH hearing order, the following codes: ISPSC, IFGC, IPC, IRC – Plumbing, IRC – Mechanical, IMC, IPMC, IEBC, IBC – Egress and IBC – Fire Safety code changes FS 1 through FS 63. The votes taken on the remaining IBC – Fire Safety, IBC - Structural and IBC – General code changes were determined by the Moderator.

As of this posting, the Code Council staff is looking at options on how to conduct the cdpACCESS Online Governmental Consensus Vote (OGCV) in order to ensure an accurate outcome and protect the integrity and fairness of the code development process, in accordance with ICC rules of procedure.

A staff recommendation will be presented to the ICC Board for consideration. Once the ICC Board acts in accordance with Section 10.2 of Council Policy 28 Code Development to determine the final procedures for conducting the OGCV, the procedures will be posted on the ICC website, on cdpACCESS and in other ICC communication channels.
