

FINAL PUBLIC COMMENT HEARING RESULTS ON THE 2021 PROPOSED CHANGES TO THE INTERNATIONAL CODES – GROUP A

The following is a comprehensive list of the official results from the 2021 Public Comment Hearings held in Pittsburgh, PA, September 21 – 26, 2021 for those code change proposals heard individually on the public comment hearing agenda.

The second step in the final action process is the Online Governmental Consensus Vote (OGCV). This process was first used in the 2014 Cycle and is built into cdpACCESS and is regulated by Section 8.0 of CP28 Code Development. The OGCV is scheduled to open October 15, 2021 and scheduled to close on November 1, 2021 at 11:59pm Pacific Time.

The results of the PCH set the agenda and ballot options for the OGCV. This is stipulated in Section 8.1 of CP 28 Code Development (see page 5 for an excerpt). The voting options are listed for each code change proposed alongside the public comment hearing results. For example, if the action taken at the PCH is AMPC 2, 3 (Approved as Modified by Public Comments 2 and 3) then the OGCV ballot will be structured to allow eligible voters to vote for either AMPC 2,3 or Disapproval in accordance with the table. The voting majority required for AMPC 2, 3 at the PCH was a 2/3 majority which is the same majority that applies to the OGCV. The vote tally from the PCH will be combined with the vote tally from the OGCV to determine the Final Action. In the example cited, the combined vote tally would be required to meet the 2/3 majority in order for the final action to be AMPC 2, 3. If the voting majority is less than the 2/3 required, Section 10.3 stipulates the Final Action to be Disapproval.

Be sure to review Section 8.2 of CP 28 which contains statements for voters to acknowledge prior to casting their votes in the OGCV. Section 8.2 is included below as this acknowledgement is new for this cycle.

8.2 Online Governmental Consensus Vote Voter Statement: In order to vote on the Online Governmental Consensus Vote, the eligible voter is required to acknowledge the following in order to proceed to the ballot:

1. I am currently an employee or public official actively engaged either full or part time in the administration, formulation, implementation or enforcement of laws, ordinances, rules or regulations relating to the public health, safety and welfare, or have Honorary Member status.
2. I am participating in this ICC activity in compliance with the ICC Code of Ethics, and I will avoid any circumstance that could create the appearance of a conflict of interest or otherwise compromise professional integrity.
3. As an eligible voting member, I have done my due diligence to become an informed voter on the matters that I am voting on, or as a representative of an ICC Governmental Member, my vote is being directed by the Governmental Member.
4. I am aware that voter guides that seek to influence or recommend voter positions are not endorsed by the International Code Council, and I understand that I am under no obligation to vote in accordance with any such voter guides.
5. I will not vote on any code change that would provide me with a direct personal financial benefit.
6. I will not vote on any code change that would provide a direct financial benefit to any individual or company with which I have a business interest or relationship.

Be sure to review Section 8.3 of CP 28 which identifies the composition of the ballot. Of note is item 4 where the PCH action is Approved as Modified. The resulting text will be presented in the ballot with the modification(s) incorporated into the original code change in order for the voter to see how the text would appear in the code. A key part of this ballot is also item 10 where the voter will have access to the hearing video from both hearings.

Eligible voting members who voted at the Public Comment Hearings are not required to vote on the OGCV. The vote entered on the electronic voting device at the PCH will automatically be tabulated on the OGCV. Should eligible voting members vote on the OGCV on the same items that they voted on at the PCH, their final vote on the OGCV will be the one tabulated for final action considerations. The OGCV will indicate the actions taken at both the CAH and PCH. The PCH actions will include the vote counts.

Non-eligible voters will also be able to login and view the OGCV ballot, but will not be permitted to vote.
