

Sun City Amateur Radio Club, Inc.

Sun City, Arizona 85351

February 15, 1978

TO ALL MEMBERS:

The regular monthly meeting for February 21st., has been cancelled in lieu of the planned tour of the NORAD Headquarters at Luke Air Force Base on the same date.

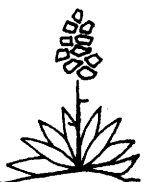

For the March meeting, arrangements have been made with Mr. Frank Davis, K7VKH of Motorola who will make a presentation about RF Modules used in the VHF and UHF bands. Mr. Davis was for 15 years, Applications and Development Engineer for Motorola. Recently he was made Product Engineering Manager. He received his education at TCU and ASU. He is married and his wife Judy is also a ham. Her call is WA7RTP. They love animals, they own a very special breed of Jaguar. He leaps and wrestles with their 150 lb. Doberman.

Mr. Davis uses some slides in his presentation. His program lasts about 45 minutes and is most interesting.

Hope to see you there.

Sincerely,

George B. Carter, Jr.
Secretary

Maricopa County

Your Prez Sez:

Our speakers receive no remuneration for appearing at our Meetings. Lets show them that we appreciate their efforts in trying to make our meetings interesting, by giving them our attention.

Hey, fellows your intelligence is showing, by the nature of your questions. How about giving your club some help by volunteering for an evening program on your favorite electronic subject.

Your President is missing a silver ball point pen. Anyone find it at our last meeting?

OFFICERS FOR 1973

Treasurer's Report

3 members paid their dues since last meeting, however there appears to be about 35 members in arrears. Unless dues are paid on or before the March 21st meeting, they will be dropped from the roster.

Publicity

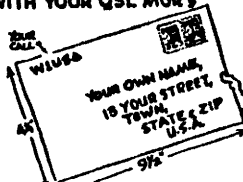

A reminder to those members who plan to go on the tour of the NORAD facilities on Tuesday February 21st., be sure to plan to be at the Del Webb Baseball Field parking lot no later than 12:30 pm. We must be at the Gate at NORAD by 1:15pm. Each person will have to give his Social Security number at the gate as well as sign the tour director's register sheet. See you there.

TVI Chairman Again, Gail reports that all is quiet on the "Sun City" front.

RFI Chairman Lloyd says that everything is quiet with him also, Nothing to report.

Public Relations, No report.
