Sun City Amateur Radio Club

Sun City, Arizona 85351

March 14, 1978

TO ALL MEMBERS:

The regular monthly meeting for March is scheduled for Tuesday March 21st., at 7:30 PM in Club Room "B" of the Fairway Recreation Center.

The speaker will be Mr. Frank Davis, K7VKH of Motorola. He will make a presentation about RF Modules used in the VHF and UHF bands. For 15 years, Mr. Davis was Applications and Development Engineer for Motorola. Recently he was made Product Engineering Manager. He was educated at TCU and ASU. His wife Judy is also a ham. Her Call is WA7RTP. Mr. Davis lectures and uses slides in his presentation which lasts about 45 minutes.

See you there.

Sincerely,

George B. Carter, Jr.
George B. Carter, Jr.
Secretary.

44 members and wives made the trip to the NORAD headquarters at Luke AFB on February 21st. Captain Joan C. Fudula, Deputy Director of Information, gave a very interesting briefing on the NORAD system. 1st Lt Donald R. Redmond directed a tour of the computer rooms and the "Blue Room" where the movements of all aircraft in the Western section of the U.S. are tracked and watched, even as far as several hundred miles out to sea. Demonstrations on Radar screens were made showing how aircraft were tracked.

Editor's Comments: Short Skip is what the members make it. Certainly we can include items For Sale or Swap. Also a forum for ideas for meetings and any unusual items of interest, but no reprints of QST articles or other common electronic magazines since most of our members have already read them.
Send any items to include or call THE EDITOR - 977 3864.

The Prez Sez: A Dummy Load keeps the Ham out of the Dummy class, and remember May 9th will be our last meeting before the Summer Vacation. After then the first meeting will be in September.
