DRIVING TEST FORM

Name:	Address:
City:	License No.
State:	Date
Zip:	Equipment Driven
SSN#:	Trailer
	If Passenger Carrier, Type of Bus
From:	To:
For those items that apply, checkmark if driver's performance is sat Explain unsatisfactory items under Remarks:	isfactory, mark with an X if driver's performance is unsatisfactory,
1 - PRE-TRIP INSPECTION AND EMERGENCY E	QUIPMENT 3 - COUPLING AND UNCOUPLING
Checks general condition approaching unit	Lines up units
Looks for leakage of coolants, fuel, lubricants	Hooks brake and light lines properly
Checks under hood - oil, water, general condition	Secures trailer against movement
of engine compartment, steering	Backs under slowly
Checks around unit - tires, lights, trailer hookup,	Tests hookup with power
brake and light lines, body, doors, horn windshield wipers	Checks hookup visually
Test brake action, tractor protection valve, and	Handles landing gear properly
parking (hand) brake	Proper hook-up of full trailer
Knows use of jacks, tools, emergency warning	Secures power unit against movement
devices, tire chains, fire extinguisher, spare	4 - BACKING AND PARKING
fuses, and four-way flashers	A. Backing
Checks instruments	Gets out and checks before backing
Cleans windshield, windows, mirrors, lights, reflectors	Looks back as well as uses mirrors
2 - PLACING VEHICLE IN MOTION AND USE OF	CONTROLS Gets out and rechecks conditions on long back
A. MOTOR	Avoids backing from blind side
Starts motor without difficulty	Signals when backing
Allows proper warm-up	Controls speed and direction properly when backing
Understands gauges on instruments panel	B. PARKING (city)
Maintains proper engine speed while driving	Does not hit nearby vehicles or stationary objects
Basic knowledge of motors - gas, diesel	Parks proper distance from curb
Does not abuse motor	Sets parking brake, puts in gear, chocks wheels,
B. CLUTCH AND TRANSMISSION	shuts off motor
Starts loaded unit smoothly	Checks traffic conditions and signals when
Uses clutch properly	pulling out from parked position
Times gearshifts properly	Parks in safe and legal location
Shifts gears smoothly	C. PARKING (road)
Uses proper gear sequence	Parks off pavement
C. BRAKES	Avoids parking on soft shoulder
Understands operating principles of air brakes	Uses emergency warning signals when required
Knows proper use of tractor protection valve	Secures unit properly
Understands low air warning	
Tests brakes before starting trip	

D. STEERING	5 - SLOWING AND STOPPING		
Controls steering wheel	Uses gears properly ascending		
Good driving posture and good grip on wheel	Gears sown properly descending		
E. LIGHTS	Stops and restarts without rolling back		
Knows lighting regulations	Tests brakes at top of hill		
Uses proper headlight beam	Uses brakes properly on grade		
Dim lights when meeting or following other traffic	Uses mirrors to check traffic to rear		
Adjusts speed to range of headlights	Signals following traffic		
Proper use of auxillary lights	Avoids sudden stops		
	Stops before crossing sidewalk when coming out of driveway of alley		
	Stops clear of pedestrian crosswalks		
6 - OPERATING IN TRAFFIC PASSING AND TURNING	G - COURTESY AND SAFETY		
A. TURNING	Uses defensive driving techniques		
Gets in proper lane well in advance	Yields right-of-way for safety		
Signals well in advance	Goes ahead when given right-of-way through traffic		
Checks traffic conditions and turns only when way is clear	Does not crowd other drivers or force way through traffic		
Does not swing wide or cut short while turning	Allows faster traffic to pass		
B. TRAFFIC SIGNS AND SIGNALS	Keeps right and in own lane		
Approaches signal prepared to stop if neccessary	Uses horn only when necessary		
Obeys traffic signal	Generally courteous and uses proper conduct		
Uses good judgement on yellow light	7 - MISCELL ANEOLIS		
Uses good judgement on yellow light Starts smoothly on green	7 - MISCELLANEOUS A. GENERAL DRIVING ABILITY AND HABITS		
	 7 - MISCELLANEOUS A. GENERAL DRIVING ABILITY AND HABITS Consistently alert and attentive 		
Starts smoothly on green	A. GENERAL DRIVING ABILITY AND HABITS		
Starts smoothly on green Notices and heeds traffic signs	A. GENERAL DRIVING ABILITY AND HABITS Consistently alert and attentive		
Starts smoothly on green Notices and heeds traffic signs Obeys "Stop" signs	A. GENERAL DRIVING ABILITY AND HABITS Consistently alert and attentive Adjusts driving to meet changing conditions		
Starts smoothly on green Notices and heeds traffic signs Obeys "Stop" signs C. INTERSECTIONS	A. GENERAL DRIVING ABILITY AND HABITS Consistently alert and attentive Adjusts driving to meet changing conditions Performs routing functions without taking eyes		
Starts smoothly on green Notices and heeds traffic signs Obeys "Stop" signs C. INTERSECTIONS Adjusts speed to permit stopping if necessary	A. GENERAL DRIVING ABILITY AND HABITS Consistently alert and attentive Adjusts driving to meet changing conditions Performs routing functions without taking eyes from road		
Starts smoothly on green Notices and heeds traffic signs Obeys "Stop" signs C. INTERSECTIONS Adjusts speed to permit stopping if necessary Checks for cross traffic regardless of traffic controls	A. GENERAL DRIVING ABILITY AND HABITS Consistently alert and attentive Adjusts driving to meet changing conditions Performs routing functions without taking eyes from road Checks instruments regularly while driving		
Starts smoothly on green Notices and heeds traffic signs Obeys "Stop" signs C. INTERSECTIONS Adjusts speed to permit stopping if necessary Checks for cross traffic regardless of traffic controls Yields right-of-way for safety	A. GENERAL DRIVING ABILITY AND HABITS Consistently alert and attentive Adjusts driving to meet changing conditions Performs routing functions without taking eyes from road Checks instruments regularly while driving Willing to take instructions and suggestions Adequate self-confidence in driving Is not easily angered		
Starts smoothly on green Notices and heeds traffic signs Obeys "Stop" signs C. INTERSECTIONS Adjusts speed to permit stopping if necessary Checks for cross traffic regardless of traffic controls Yields right-of-way for safety D. GRADE CROSSINGS	A. GENERAL DRIVING ABILITY AND HABITS Consistently alert and attentive Adjusts driving to meet changing conditions Performs routing functions without taking eyes from road Checks instruments regularly while driving Willing to take instructions and suggestions Adequate self-confidence in driving Is not easily angered Positive attitude		
Starts smoothly on green Notices and heeds traffic signs Obeys "Stop" signs C. INTERSECTIONS Adjusts speed to permit stopping if necessary Checks for cross traffic regardless of traffic controls Yields right-of-way for safety D. GRADE CROSSINGS Adjusts speed to permit stopping if necessary	A. GENERAL DRIVING ABILITY AND HABITS Consistently alert and attentive Adjusts driving to meet changing conditions Performs routing functions without taking eyes from road Checks instruments regularly while driving Willing to take instructions and suggestions Adequate self-confidence in driving Is not easily angered Positive attitude Good personal appearance, manner, cleanliness		
Starts smoothly on green Notices and heeds traffic signs Obeys "Stop" signs C. INTERSECTIONS Adjusts speed to permit stopping if necessary Checks for cross traffic regardless of traffic controls Yields right-of-way for safety D. GRADE CROSSINGS Adjusts speed to permit stopping if necessary Makes safe stops, if required Selects proper gear	A. GENERAL DRIVING ABILITY AND HABITS Consistently alert and attentive Adjusts driving to meet changing conditions Performs routing functions without taking eyes from road Checks instruments regularly while driving Willing to take instructions and suggestions Adequate self-confidence in driving Is not easily angered Positive attitude		
Starts smoothly on green Notices and heeds traffic signs Obeys "Stop" signs C. INTERSECTIONS Adjusts speed to permit stopping if necessary Checks for cross traffic regardless of traffic controls Yields right-of-way for safety D. GRADE CROSSINGS Adjusts speed to permit stopping if necessary Makes safe stops, if required	A. GENERAL DRIVING ABILITY AND HABITS Consistently alert and attentive Adjusts driving to meet changing conditions Performs routing functions without taking eyes from road Checks instruments regularly while driving Willing to take instructions and suggestions Adequate self-confidence in driving Is not easily angered Positive attitude Good personal appearance, manner, cleanliness		
Starts smoothly on green Notices and heeds traffic signs Obeys "Stop" signs C. INTERSECTIONS Adjusts speed to permit stopping if necessary Checks for cross traffic regardless of traffic controls Yields right-of-way for safety D. GRADE CROSSINGS Adjusts speed to permit stopping if necessary Makes safe stops, if required Selects proper gear E. PASSING	A. GENERAL DRIVING ABILITY AND HABITS Consistently alert and attentive Adjusts driving to meet changing conditions Performs routing functions without taking eyes from road Checks instruments regularly while driving Willing to take instructions and suggestions Adequate self-confidence in driving Is not easily angered Positive attitude Good personal appearance, manner, cleanliness Good physical stamina		
Starts smoothly on green Notices and heeds traffic signs Obeys "Stop" signs C. INTERSECTIONS Adjusts speed to permit stopping if necessary Checks for cross traffic regardless of traffic controls Yields right-of-way for safety D. GRADE CROSSINGS Adjusts speed to permit stopping if necessary Makes safe stops, if required Selects proper gear E. PASSING Passes with sufficient clear space ahead	A. GENERAL DRIVING ABILITY AND HABITS Consistently alert and attentive Adjusts driving to meet changing conditions Performs routing functions without taking eyes from road Checks instruments regularly while driving Willing to take instructions and suggestions Adequate self-confidence in driving Is not easily angered Positive attitude Good personal appearance, manner, cleanliness Good physical stamina B. HANDLING OF FREIGHT		
Starts smoothly on green Notices and heeds traffic signs Obeys "Stop" signs C. INTERSECTIONS Adjusts speed to permit stopping if necessary Checks for cross traffic regardless of traffic controls Yields right-of-way for safety D. GRADE CROSSINGS Adjusts speed to permit stopping if necessary Makes safe stops, if required Selects proper gear E. PASSING Passes with sufficient clear space ahead Does not pass in unsafe location: hill, curve,	A. GENERAL DRIVING ABILITY AND HABITS Consistently alert and attentive Adjusts driving to meet changing conditions Performs routing functions without taking eyes from road Checks instruments regularly while driving Willing to take instructions and suggestions Adequate self-confidence in driving Is not easily angered Positive attitude Good personal appearance, manner, cleanliness Good physical stamina B. HANDLING OF FREIGHT Checks freight properly		
Starts smoothly on green Notices and heeds traffic signs Obeys "Stop" signs C. INTERSECTIONS Adjusts speed to permit stopping if necessary Checks for cross traffic regardless of traffic controls Yields right-of-way for safety D. GRADE CROSSINGS Adjusts speed to permit stopping if necessary Makes safe stops, if required Selects proper gear E. PASSING Passes with sufficient clear space ahead Does not pass in unsafe location: hill, curve, intersection Signals change of lanes Warns driver being passed	A. GENERAL DRIVING ABILITY AND HABITS Consistently alert and attentive Adjusts driving to meet changing conditions Performs routing functions without taking eyes from road Checks instruments regularly while driving Willing to take instructions and suggestions Adequate self-confidence in driving Is not easily angered Positive attitude Good personal appearance, manner, cleanliness Good physical stamina B. HANDLING OF FREIGHT Checks freight properly Handles and loads freight properly Handles bills properly Breaks down load as required		
Starts smoothly on green Notices and heeds traffic signs Obeys "Stop" signs C. INTERSECTIONS Adjusts speed to permit stopping if necessary Checks for cross traffic regardless of traffic controls Yields right-of-way for safety D. GRADE CROSSINGS Adjusts speed to permit stopping if necessary Makes safe stops, if required Selects proper gear E. PASSING Passes with sufficient clear space ahead Does not pass in unsafe location: hill, curve, intersection Signals change of lanes Warns driver being passed Pulls out and backs with certainty	A. GENERAL DRIVING ABILITY AND HABITS Consistently alert and attentive Adjusts driving to meet changing conditions Performs routing functions without taking eyes from road Checks instruments regularly while driving Willing to take instructions and suggestions Adequate self-confidence in driving Is not easily angered Positive attitude Good personal appearance, manner, cleanliness Good physical stamina B. HANDLING OF FREIGHT Checks freight properly Handles and loads freight properly Handles bills properly		
Starts smoothly on green Notices and heeds traffic signs Obeys "Stop" signs C. INTERSECTIONS Adjusts speed to permit stopping if necessary Checks for cross traffic regardless of traffic controls Yields right-of-way for safety D. GRADE CROSSINGS Adjusts speed to permit stopping if necessary Makes safe stops, if required Selects proper gear E. PASSING Passes with sufficient clear space ahead Does not pass in unsafe location: hill, curve, intersection Signals change of lanes Warns driver being passed Pulls out and backs with certainty Does not tailgate	A. GENERAL DRIVING ABILITY AND HABITS Consistently alert and attentive Adjusts driving to meet changing conditions Performs routing functions without taking eyes from road Checks instruments regularly while driving Willing to take instructions and suggestions Adequate self-confidence in driving Is not easily angered Positive attitude Good personal appearance, manner, cleanliness Good physical stamina B. HANDLING OF FREIGHT Checks freight properly Handles and loads freight properly Handles bills properly Breaks down load as required		
Starts smoothly on green Notices and heeds traffic signs Obeys "Stop" signs C. INTERSECTIONS Adjusts speed to permit stopping if necessary Checks for cross traffic regardless of traffic controls Yields right-of-way for safety D. GRADE CROSSINGS Adjusts speed to permit stopping if necessary Makes safe stops, if required Selects proper gear E. PASSING Passes with sufficient clear space ahead Does not pass in unsafe location: hill, curve, intersection Signals change of lanes Warns driver being passed Pulls out and backs with certainty	A. HANDLING OF FREIGHT Checks freight properly Handles and loads freight properly Handles bills properly Breaks down load as required C. RULES AND REGULATIONS		

F. SPEED		D. USE OF SPECIAL EQUIPMENT (Specity)			
Speed consistent with basic ability					
Adjusts speed properly to road, weather, traffic conditions, legal limits Slows down for rough roads		REMARKS:	 S:		
Slows down in advance of curves, intersections, etc.					
Maintains consistent speed					
GENERAL PERFORMANCE: Satisfactory	Needs Trair	ning	Unsatisfactory		
QUALIFIED FOR: Truck Tractor-Sen	nitrailer	Other	(specify)		
CERTIFICATION OF ROAD TEST			(opos.iy)		
nstructions to Carrier: If the road test is successfully completed from the original of the signed road test form and the original of the own was examined, and duplicate copies provided to the person this is to certify that the above-named driver was given a road to f approximately miles of driving. It is my considered on the person of the control of the con	Certification of Road Test n examined. Section 39 est under my supervision	st shall be retain 1.31 (e)(f)(g)(1)(n on	ed in the driver qualification file of the p 2) of the Federal Motor Carrier Safety 19 consisting	person Regulations.	
commercial motor vehicle listed above.
