BED BUG DISCLOSURE

(C.A.R. Form BBD, Revised 12/18) (California Civil Code §1954.603)

in v	/hich is referred to as ("Tenant")
ano	rhich is referred to as ("Tenant") I is referred to as ("Landlord").
INF	ORMATION ABOUT BED BUGS:
1.	Bed Bug Appearance: Bed bugs have six legs. Adult bed bugs have flat bodies about 1/4 of an inch in length. Their color can vary from red and brown to copper colored. Young bed bugs are very small. Their bodies are about 1/16 of an inch in length. They have almost no color. When a bed bug feeds, its body swells, may lengthen, and becomes bright red, sometimes making it appear to be a different insect. Bed bugs do not fly. They can either crawl or be carried from place to place on objects, people, or animals. Bed bugs can be hard to find and identify because they are tiny and try to stay hidden.
2.	Life Cycle and Reproduction: An average bed bug lives for about 10 months. Female bed bugs lay one to five eggs per day. Bed bugs grow to full adulthood in about 21 days.
3.	Bed bugs can survive for months without feeding.
4.	Bed Bug Bites: Because bed bugs usually feed at night, most people are bitten in their sleep and do not realize they were bitten. A person's reaction to insect bites is an immune response and so varies from person to person. Sometimes the red welts caused by the bites will not be noticed until many days after a person was bitten, if at all.
5.	 Common signs and symptoms of a possible bed bug infestation: Small red to reddish brown fecal spots on mattresses, box springs, bed frames, mattresses, linens, upholstery, or walls. Molted bed bug skins, white, sticky eggs, or empty eggshells. Very heavily infested areas may have a characteristically sweet odor.
	 Red, itchy bite marks, especially on the legs, arms, and other body parts exposed while sleeping. However, some people do not show bed bug lesions on their bodies even though bed bugs may have fed on them.
6.	For more information, see the Internet Web sites of the United States Environmental Protection Agency and the National Pest
	Management Association. Tenant shall report suspected infestations by bed bugs to the Landlord or Property Manager at the mailing, or emai address or phone number provided in the Agreement and cooperate with any inspection for and treatment of bed bugs.
8.	Landlord will notify tenants of any units inspected by a pest control operator of the findings by such an operator within 2 business days of the receipt of the findings. All Tenants will be notified of confirmed infestations within common areas.
ass gue	nant agrees to release, indemnify, hold harmless and forever discharge Landlord and Landlord's employees, agents, successors and igns from any and all claims, liabilities or causes of action of any kind that Tenant, members of Tenant's household or Tenant's ests or invitees may have at any time against Landlord or Landlord's agents resulting from the presence of bedbugs due to Tenant's are to comply with this Bed Bug Disclosure.

- **C.** Maintaining, committing, or permitting the maintenance of a nuisance as described in Code of Civil Procedure Section 1161, paragraph (4).
- D. Committing waste as described in Code of Civil Procedure Section 1161, paragraph (4).
- **E.** The Tenant had a written lease that terminated on or after January 1, 2020, and after a written request or demand from the Owner, the Tenant refused to execute a written extension or renewal of the lease for an additional term of similar duration with similar provisions, provided that those terms do not violate Section 1946.1 or any other provision of law.
- **F.** Criminal activity by the Tenant on the residential real property, including any common areas, or any criminal threat, as defined in Penal Code Section 422, subdivision (a), directed to any Owner or agent of the Owner of the premises.
- **G.** Assigning or subletting the premises in violation of the Tenant's lease.
- **H.** The Tenant's refusal to allow the Owner to enter the residential real property pursuant to a request consistent with Civil Code Sections 1101.5 and 1954, and Health and Safety Code Sections 13113.7 and 17926.1.
- I. Using the premises for an unlawful purpose as described in Code of Civil Procedure Section 1161, paragraph (4).

2. "No-fault" Reasons:

- **A.** Intent to occupy the residential real property by the Owner or their spouse, domestic partner, children, grandchildren, parents or grandparents (Owner/family move-in). Owner may terminate the lease at the end of a fixed term or any time during a month to month tenancy by giving the appropriate notice.

Cosmetic improvements alone do not qualify.

3. Just Cause Notices:

- A. Curable "At-Fault" Reasons: Before the Owner can terminate the tenancy for an At-Fault Just Cause violation that is curable, the Owner must first provide notice to cure giving the Tenant an opportunity to cure the violation pursuant to Code of Civil Procedure Section 1161, paragraph (3).
- **B.** Tenant Payments Pursuant to "No-Fault" Eviction: (1) If Owner issues a termination of tenancy under a No-Fault Just Cause, Owner notifies Tenant of the right to direct payment relocation assistance equal to one month of the Tenant's rent in effect at the time of the termination and shall be provided within 15 calendar days of service of the notice. (2) In lieu of direct payment, Owner may waive the payment of rent for the final month of tenancy prior to the rent becoming due. The notice shall state the amount of rent waived and that no rent is due for the final month of tenancy.

*NOTE: Other exemptions under the Civil Code may apply. Additionally, this property may be subject to local rent cap and just cause eviction controls, which may impose additional restrictions. Landlord is strongly advised to seek counsel from a qualified real estate lawyer, who is familiar with the law where the property is located, prior to serving any notice.

- **A.** California Business & Professions Code ("B&PC") §10170.5(a)(4) requires 3 hours of training on fair housing for DRE license renewal; Real Estate Regulation §2725(f) requires brokers who oversee salespersons to be familiar with the requirements of federal and state laws relating to the prohibition of discrimination.

EXAMPLES OF CONDUCT THAT MAY NOT BE MOTIVATED BY DISCRIMINATORY INTENT BUT COULD HAVE A DISCRIMINATORY EFFECT:

- A. Prior to acceptance of an offer, asking for or offering buyer personal information or letters from the buyer, especially with photos. Those types of documents may inadvertently reveal, or be perceived as revealing, protected status information thereby increasing the risk of (i) actual or unconscious bias, and (ii) potential legal claims against sellers and others by prospective buyers whose offers were rejected.
- **B.** Refusing to rent (i) an upper level unit to an elderly tenant out of concern for the tenant's ability to navigate stairs or (ii) a house with a pool to a person with young children out of concern for the children's safety.
- 2). EXAMPLES OF UNLAWFUL OR IMPROPER CONDUCT BASED ON A PROTECTED CLASS OR CHARACTERISTIC:
 - **A.** Refusing to negotiate for a sale, rental or financing or otherwise make a housing opportunity unavailable; failing to present offers due to a person's protected status;
 - Refusing or failing to show, rent, sell or finance housing; "channeling" or "steering" a prospective buyer or tenant to or away from a particular area due to that person's protected status or because of the racial, religious or ethnic composition of the neighborhood;
 "Blockbusting" or causing "panic selling" by inducing a listing, sale or rental based on the grounds of loss of value of property,
 - **C.** "Blockbusting" or causing "panic selling" by inducing a listing, sale or rental based on the grounds of loss of value of property, increase in crime, or decline in school quality due to the entry or prospective entry of people in protected categories into the neighborhood;
 - D. Making any statement or advertisement that indicates any preference, limitation, or discrimination;

- **E.** Inquiring about protected characteristics (such as asking tenant applicants if they are married, or prospective purchasers if they have children or are planning to start a family);
- F. Using criminal history information before otherwise affirming eligibility, and without a legally sufficient justification;
- **G.** Failing to assess financial standards based on the portion of the income responsible by a tenant who receives government subsidies (such as basing an otherwise neutral rent to income ratio on the whole rent rather than just the part of rent that is the tenant's responsibility);
- H. Denying a home loan or homeowner's insurance;
- I. Offering inferior terms, conditions, privileges, facilities or services;
- **J.** Using different qualification criteria or procedures for sale or rental of housing such as income standards, application requirements, application fees, credit analyses, sale or rental approval procedures or other requirements;
- K. Harassing a person;
- L. Taking an adverse action based on protected characteristics;
- M. Refusing to permit a reasonable modification to the premises, as requested by a person with a disability (such as refusing to allow a wheel chair bound tenant to install, at their expense, a ramp over front or rear steps, or refusing to allow a physically disabled tenant from installing, at their own expense, grab bars in a shower or bathtub);
- **N.** Refusing to make reasonable accommodation in policies, rules, practices, or services for a person with a disability (such as the following, if an actual or prospective tenant with a disability has a service animal or support animal):
 - (i) Failing to allow that person to keep the service animal or emotional support animal in rental property,
 - (ii) Charging that person higher rent or increased security deposit, or
 - (iii) Failing to show rental or sale property to that person who is accompanied by the service animal or support animal, and;
- **O.** Retaliating for asserting rights under fair housing laws.

10. EXAMPLES OF POSITIVE PRACTICES:

- **A.** Real estate licensees working with buyers or tenants should apply the same objective property selection criteria, such as location/neighborhood, property features, and price range and other considerations, to all prospects.
- B. Real estate licensees should provide complete and objective information to all clients based on the client's selection criteria.
- **C.** Real estate licensees should provide the same professional courtesy in responding to inquiries, sharing of information and offers of assistance to all clients and prospects.
- **D.** Housing providers should not make any statement or advertisement that directly or indirectly implies preference, limitation, or discrimination regarding any protected characteristic (such as "no children" or "English-speakers only").
- E. Housing providers should use a selection process relying on objective information about a prospective buyer's offer or tenant's application and not seek any information that may disclose any protected characteristics (such as using a summary document, e.g. C.A.R. Form SUM-MO, to compare multiple offers on objective terms).

 - A. Legally compliant senior housing is exempt from FHA, FEHA and Unruh as related to age or familial status only;
 - **B.** An owner of a single-family residence who resides at the property with one lodger may be exempt from FEHA for rental purposes, PROVIDED **no real estate licensee is involved** in the rental;
 - **C.** An owner of a single-family residence may be exempt from FHA for sale or rental purposes, PROVIDED (i) no real estate licensee is involved in the sale or rental and (ii) no discriminatory advertising is used, and (iii) the owner owns no more than three single-family residences. Other restrictions apply:
 - **D.** An owner of residential property with one to four units who resides at the property, may be exempt from FHA for rental purposes, PROVIDED **no real estate licensee is involved** in the rental; and
 - E. Both FHA and FEHA do not apply to roommate situations. See, Fair Housing Council v Roommate.com LLC, 666 F.3d 1216 (2019).
 - F. Since both the 14th Amendment of the U.S. Constitution and the Civil Rights Act of 1866 prohibit discrimination based on race; the FHA and FEHA exemptions do not extend to discrimination based on race.

Information on Dampness and Mold for Renters in California

Main points:

- Living in damp or moldy buildings increases the chances of respiratory problems like asthma.
- The critical warning signs are visible mold, water damage, damp materials, or mold smell.
- Dampness is needed for mold to grow, so if you control the dampness, you control the mold.
- Dampness or mold indoors may make housing substandard, per the California Health & Safety Code.

This booklet describes the increased risks to health, including specific health issues, that may result from exposures to dampness or mold in buildings. This booklet was produced in January 2021 by the California Department of Public Health (CDPH) in accordance with the 2001 Toxic Mold Protection Act (HSC §26148).

Health Problems from Damp or Moldy Buildings

Living or working in damp or moldy buildings increases the risk of many harmful health problems, including:

- asthma attacks in people who already have asthma
- a new asthma diagnosis
- respiratory infections, such as bronchitis
- breathing symptoms, such as hay fever, sneezing, stuffy nose, sore throat, wheezing, breathing difficulty, or cough
- eczema or skin rash

Mold can affect people differently. How much a person is affected depends on how sensitive they are and on how much they are exposed. Damp or moldy buildings are linked to health problems in people even if they do not have allergies.

Signs of Dampness or Mold

Signs of dampness or mold that may cause health problems include:

- visible mold (regardless of color), such as on walls or ceilings, behind furniture or appliances, under carpets, or even hidden in areas not seen in the occupied areas of homes
- mold odor, noticed as an earthy, musty, or moldy smell
- visible water damage, such as water-stains or discoloration on walls or ceilings, peeling or bubbled paint, warped floors, or rotting wood
- damp or moist materials, including condensation on windows or walls

Any one of these signs indicates increased risks to health, and the more that any of them are present, the greater the risk of health problems. Tests that identify the types of mold or the amounts of mold in buildings are not useful in telling us about the health risks. This is why CDPH does not recommend testing for mold, such as measuring mold spores in the air.

Causes of Building Dampness that Can Allow Mold to Grow

The dampness that is necessary for indoor mold to grow can come from either inside or outside a building.

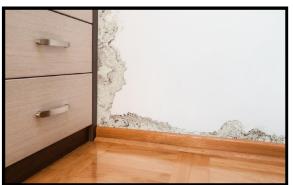

Indoor sources include:

- leaking or burst water pipes, for instance under sinks inside walls
- not enough venting to the outside by open windows or exhaust fans in places where water is used or moisture is produced (for example, bathrooms, laundry areas, kitchens, and water heaters)
- condensation (water droplets) on cold surfaces, including windows

Outdoor sources include:

- water coming in through leaky roofs or poorly-sealed windows, or from flooding
- damp, exposed dirt in crawl spaces
- outdoor surfaces that slope and drain water toward a building, including from a downspout

Fixing Dampness and Mold Problems

The California Health & Safety Code (HSC §17920.3) says that when dampness or visible mold (or certain other conditions) in a home is a hazard to the health of occupants, the home is substandard and the property owner must fix the conditions. The Code excludes mold that is "minor and found on surfaces that accumulate moisture as part of their properly functioning and intended use."

CDPH recommends fixing dampness and mold problems as follows:

- · identifying and correcting the source of any water that may allow mold to grow
- rapid drying or removal of damp materials
- cleaning or removing mold and moldy materials as rapidly and safely as possible

Note: if a moldy area is simply bleached, cleaned, or painted over—without fixing the source of the dampness—the mold is likely to grow again.

Renters in California

The California Health & Safety Code requires property owners to provide a rental unit that is safe and healthy for the people living in it. Prospective renters should look for obvious conditions that show dampness or mold, and also less obvious signs like water leaks under the kitchen and bathroom sinks or moldy odor in a sealed-up home. Also look for conditions likely to cause future problems, like a bathroom that has no working vent fan or no window that opens, or a clothes dryer without an outside vent.

For renters who suspect there is dampness or mold:

- 1. Tell the property owner or manager. Early detection and correction of the dampness and mold problems can reduce the risks to your health and prevent the problem from getting worse.
- 2. If your property owner will not respond to your concerns in a reasonable amount of time, contact your local (city or county) code enforcement agency and ask for a code enforcement officer to inspect for violations. Many dampness or mold problems in rental homes are the responsibility of the property owner and must be addressed by them. However, a code enforcement officer may determine that dampness or mold in a building results from a tenant's actions or inactions for instance, not using available bathroom ventilation during showers.
- 3. If the local inspector determines there is a violation, they can require the property owner to correct the problem.

Property owners must provide a rental unit that is safe and healthy for the people living in it.

Tenants must notify property owners of any dampness or mold problems.
