C2G wins Tire Disposal contract at Ft. Riley, KS & Ellsworth, AFB, SD!

C2G is doing their part to keep the military sites green

Fort Riley, KS & Ellsworth AFB, SD – C2G won their 4th award on a Blanket Purchase Agreement contract with the Defense Military Reutilization Office to dispose of scrap tires at Ft. Riley, Kansas and Ellsworth AFB, South Dakota. C2G has taken the helm of operation for tire disposal at those sites and is assisting in the process of the environmentally friendly salvage of tires. We take part in the practice of recycling used tires into playground material, sports field material and material for flower and shrubbery beds, just to name a few. C2G ensures that all operations are in accordance with Federal and State laws.

Richard “Ken” Gilmore, Chief Operating Officer of C2G Ltd Co. said: “We are currently in several states at this time working in the tire disposal arena. We anticipate expanding our current operations to all 50 states. The recycling of no-longer serviceable military aircraft and vehicle tires was a natural fit for C2G since we are already in the movement of freight business.”
