

Swedish Woven Hearts

Fabric Packet will include one 5" square and four 2" squares of background pieces.

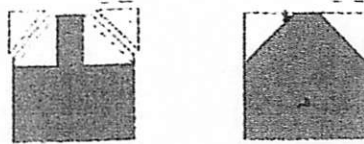

From your stash cut two 5" and five 2" squares of a dark blue batik.

Cut four 2" squares from a contrasting light blue batik.

Make a nine patch with the blue 2" squares. Dark on the corners and center, light for remaining spots. See figure #1.

Mark a diagonal line on the reverse side of each of the four 2" background squares. Place a marked square on 2 adjacent corners of a 5" dark blue square, right sides facing. Sew on the marked lines. Then trim the excess fabric away from the sewn seam and press. Repeat for two corners of both dark squares. See figure #2.

Lay out the four sections of the block as in figure #3 and sew. Press towards to dark fabric. Finished block size should be 9 1/2" X 9 1/2".
