Pro Services
(Enterprise IT Professional Services)

Cloud: AWS, Azure, GCP, OCI
Azure: AI Arc AVD DevOps IoT InTune, PIM, Purview, Sentinel
AWS: CloudFront, GuardDuty Batch, IoT, IAM, VPC, Route53

NAC: Cisco ISE ClearPass NPS Forescout, FortiNAC, Portnox FreeRADIUS, CloudPath, Ivanti PacketFence, ExtremeControl

SD-WAN: SilverPeak Meraki, Palo Alto ION CloudGenix, Cisco, Cato VeloCloud Versa Aryaka

Firewall: Palo Alto Fortinet Juniper Cisco SonicWall CheckPoint Barracuda WatchGuard

Pro Services Overview

JMXi has Global teams of Network/Security/RF Engineers offering a wide range of Professional & Managed Services across all facets of Enterprise IT design/implementation. We have Engineering expertise across SD-WAN Multi-Cloud Firewalls SASE CASB SIEM UEBA NAC CA/PKI Wireless DAS 5G, HCI, SAN, UC & more. Additional proficiencies include REST/XML/API script automation 3rd Party custom AddOn/PlugIn extension integrations & programmability. We combine our expertise with critical integration points like Micro-Segmentation, Wireless/Wired/VPN security, Presence Location Analytics, GeoIP, BLE, Wayfinding, Guest Monetization & more.

Multi-Cloud

- Advanced Cloud design migration HyperCare deployment TSHOOT and Hybrid integrations
- **Azure**: AI, AIP, Arc, AVD, AVS, DevOps, InTune IoT, Containers, Kubernetes, Defender, DNS DDoS, PIM NetApp Files, Machine Learning, OpenAI, Purview Sentinel, HCI, Virtual WAN
- **GCP**: Kubernetes + VMware Engine, Anthos IAM PowerScale CloudRun Vertex AI Apigee BigQuery, IoT, Immersive Stream, Eventarc
- **AWS**: Artifact, Aurora, Batch, CloudFront, IoT Cognito, Detective, RDS, GuardDuty, Route53 IAM Lambda DynamoDB Lightsail SageMaker

Networking

- Advanced Engineering expertise in SD-WAN NGFW, NAC, SASE, CASB, Route/Switch, SAN Wireless, UC, SIEM, OT, ICS, IIoT, MIoT, IoMT
- **Palo Alto Expertise:** NGFW Physical, Cloud VM, Panorama Prisma SD-WAN/SASE/Cloud Cortex XDR, XSOAR, XPANSE, XSIAM, AIOps
- **Cisco Expertise:** DNAC, DNA Spaces, AI, ACI CX Cloud, 5G, Intersight, HyperFlex, WLC, CTA Cyber Vision, PxGrid, StealthWatch, SEA, UCS
- **HPE/Aruba Expertise:** NetConductor, Fabric Composer, NetEdit, NAE, UXI, Aruba Central SilverPeak, AIOps, Insights, Beacons, Tags

Security & Compliance

- **24/7/365** Security Operations Center; IT and Physical Security Incident Response services
- Network/Cloud/Wireless best practices review security assessment & remediation planning
- NAC TACACS RBAC analysis, design review
- Privileged Access/Identity Management audit
- IT Security Compliance Pre-Audit services
- PCI/HIPAA Pre-Audit preparation/consulting
- **Pen Testing:** Internal/External/Wireless/RF Web App, Advanced Onsite Exploits, Physical Breach, Assumed Breach, Social Engineering

Private 5G/DAS

- Private 5G/LTE solution design/assessment
- 5G NR/4GLTE, eMBB, mMTC, mmWave, TDD FDD, mMIMO, URLLC, 5G-IoT, RFDS design
- CSI-RS, PT-RS, PDSCH DM-RS signal analysis
- Azure Private 5G Core, Azure Stack Edge Pro via Kubernetes Cluster, Azure Arc + Azure Resource Manager, Azure PMEC, Stack HCI
- 5G/4G eNB, NR-gNB, EPC, RAN/ORAN/vRAN VNF/CNF consultation, security & designs
- Carrier-Grade Cellular DAS/Macro/Small Cell design, implementation, audit & readiness
