

Cisco ISE: 12 Years Multi-National deployment experience up to 40 nodes; Hybrid On-Prem/Cloud with Load Balancer integration

ClearPass: 11 Years Multi-National deployment experience up to 30 Nodes; Hybrid On-Prem/Cloud with Load Balancer integration

Multi-Vendor: Portnox, Forescout, FreeRADIUS, CloudPath, FortiNAC, PacketFence, Msft NPS

Automation: API Script automation, 3rd Party custom AddOn/Plugin extensions integration

NAC Services Overview

JMXi has a Global team of Network & Security Engineers offering a wide range of Professional & Managed Services across all facets of Enterprise IT design, consultation, remediation, and implementation. NAC is at the forefront of our key areas of focus with Network Security Engineers having years of expertise across industry leading NAC solutions. We are able to combine our NAC expertise with critical integration points like SASE, XDR, CA/PKI design, Wireless/Wired/VPN security, Micro-Segmentation, Load Balancers, UEM, CMDB, SIEM, UEBA, IPAM, Firewall, GeoIP, IPAM & more.

Cisco ISE

- Advanced ISE design, migration, deployment HyperCare, TSHOOT, TrustSec, MACsec, IPsec, RADIUS, DTLS, EAP-FAST, Posturing, BYOD Profiling, OT/ICS/IIoT/MIIoT telemetry/controls
- **Integrations:** InTune/MEM, DigiCert, Okta, Duo, Qualys, Tenable, Rapid7, Infoblox, SOTI, Sentinel, Splunk, ServiceNow, JAMF, Ivanti
- REST API, ERS customization + automation
- **Cisco Expertise:** DNAC, DNA Spaces, AI, ACI, CX Cloud, 5G, Intersight, HyperFlex, WLC, CTA, Cyber Vision, PxGrid, StealthWatch, SEA, UCS SSE, SecureX, Umbrella, CUC, AMP, ASA, FTD

HPE Aruba ClearPass

- ClearPass design, migration, deployment HyperCare, TSHOOT, OnGuard, OnBoard, HA, RadSec, WebHooks, Guest WiFi monetization, advertising, Captive Portal, custom skinning
- REST/XML/ API automation/programmability
- **Integrations:** InTune, DigiCert, Okta, Tenable, Duo, Rapid7, NMAP, Infoblox, SOTI, Sentinel, Splunk, ServiceNow, JAMF, Ivanti, Palo Alto
- **HPE/Aruba Expertise:** NetConductor, Fabric Composer, NetEdit, NAE, UXI, Aruba Central, SilverPeak, AIOps, Insights, Beacons, Tags, Meridian, Mobility Master/WLC, Aruba CX

NAC Compliance

- NAC best practices + security assessments
- Reporting, logging, alerting customization
- TACACS RBAC analysis, change history audits
- ISE Roles + Menu/Data access customization
- Dynamic Enforcement + Access Control multi-element policy/profiling condition building
- NAC Security/Compliance Pre-Audit services
- PCI/HIPAA Pre-Audit preparation/consulting
- **Pen Testing:** NAC/Internal/External/WiFi Web App, Onsite Exploits, Physical Access Testing

NAC MSP

- 24/7/365 Security Operations Center alerting
- Hybrid Cloud NAC monitoring/management
- NAC Migrations To/From any Vendor/OEM
- AI + Automation via NAC REST API scripting
- On-Prem VM, Cloud Node auto-provisioning
- SIEMaaS, Syslog Proxy filtering, log analysis
- NAC focused SIEM log keyword alert triggers
- Load Balancer + NAC combined MSP options
- Wired/WiFi/VPN NAC MSP custom solutions
- **NACaaS:** 24/7/365 NAC proactive monitoring
