

MIA BELLA · FROSÉ ·

Frosé is short for Frozen Rosé.

It is a fairly new wine trend featuring this cool drink in a warm, hip setting.

Frosé is very versatile and there are many ways to create this refreshing blender concoction. Some ingredients that are commonly used are various types of fruit, ice and even liquor.

Mia Bella Frosé is a "Ready-to-Drink" recipe.

For something fruity, fun and just the right amount of kick, simply pour over ice and enjoy for a "Rocks Frosé"!

If you want a "Frozen Frosé",
just blend with ice and enjoy!
