Re: Mr. Lamont Stevenson
dba Spider Express

To whom it may concern:

Mr. Stevenson has provided medical courier services for our pathology practice since 1993, and has proven to be an extremely reliable courier. I have come to know Mr. Stevenson over the last several years, and I have found him to be as personable as he is dependable. He is always willing to go the extra mile for us if we need unscheduled "stat" service, and there has never been a problem with untimely delays or a failure to deliver. Mr. Stevenson is honest, trustworthy, and punctual. He has the competitive edge to succeed in a highly saturated courier market such as the DFW metroplex. I am delighted to give my highest recommendation to "Spider Express" for courier services.

Mr. Stevenson has provided courier service for our anatomic pathology section for the past two years. This requires daily courier service between our hospital and our parent laboratory Unipath Labs, Dallas, Tx. He has repeatedly made himself available for special delivery and has accomplished these tasks with no disruption in our service. His service is professional in all aspects and we can rely on his dedication to maintain high quality service. He has met all our needs in an efficient and friendly manner. Spiders Express, Inc., Grand Prairie, TX

Lamont with Spider Express has been our courier/delivery service for more than six months now. He has been very dependable and prompt. When we need him, he's THERE to pick up tools, etc., from our customers and bring them to us or to deliver items back to the customer, when needed.

He has never failed to help us out when we needed him. I would recommend him to any other business who has need for a prompt, dependable courier.

Sincerely,
