# FINISHES

## 155 WARM NATURAL FINISH

Hailing from fondly remembered mid-century modern interiors, the rich finish that defines the collection as playful yet contemplative. Earthiness and rich warmth results in pieces that balance a polished look with rustic authenticity.

## 156 DARK SABLE FINISH

Dramatic depth reminds us of maximalist fundamentals – proving that more is more. Dark foundations lead to eclectic, luxurious designs charred, distressed finishes and unexpected accents highlight pieces with a subtle and natural charm.

## 157 NATURAL GREY

Scandinavian simplicity, immersed in organic neutrals, bringing soft tonal luxury to life. Grounded layers that whisper “barely there” finish paired with refined woodgrain accents feel rooted in nature. Bleached grey tones are reminiscent of sunbaked driftwood, providing understated texture that is well-worn and familiar.

## A TREE FOR A TREE

Vaughan-Bassett is the largest manufacturer of wooden residential furniture in the United States, yet still rooted in the small-town community of Galax, Virginia. It's no secret that our local craftsmen and the surrounding Appalachian forest create a rich environment for company growth and success. For every Appalachian tree that is cut down to build Scotsman American Heirloom furniture, another tree is planted in its place. We are making a sustainable future for America's small-towns, forests and companies.
