HURRICANE SEASON TIPS

Even though summer is over, hurricane season extends until the end of November, so we want all our residents to be prepared for any hurricanes or severe storms that may occur.

Below are some helpful preparedness tips for hurricane season:

- Have an evacuation plan: Where will you go and how will you get there? Know what essentials you will need to pack
- Designate a small, interior, windowless room in the house to shelter yourself in case of emergency
- Gather emergency supplies: food, water, medicine, flashlights, batteries, etc.
- Secure items outside in case of strong winds
- To prepare for flooding, stockpile sandbags and clean out drains, gutters, and downspouts
