SAUVIGNON BLANC
LAKE COUNTY

Our Sauvignon Blanc showcases mouth-watering floral notes of orange blossoms and rich citrus notes. On the palate you'll find a dry, crisp refreshing wine greeting you with zesty lemon accented with rich tropical flavors of pineapple, guava and a hint of white peach and pear.

The fruit comes from a two generation family farmed vineyard producing an lush wonderfully rich, full bodied wine of complexity. This Sauvignon Blanc teams well with light fish, shellfish, salads and green vegetables, and it's a perfect aperitif, too.

Enjoy the harmonious balance of zesty crispness, weight, and richness reflective of the pride taken bringing this wine vine to bottle.
