## About Family Links

### Who Are We?

Family Links is a social services agency supporting the holistic needs of families to improve conditions and outcomes by providing relationship-centered services.

### Our History:

Family Links is a family-owned business that started in 2020 in Indianapolis, Indiana. We were established with the goal of supporting families, individuals, and the broader community with a focus on building capacity in others. Family Links has grown throughout Central Indiana with almost 40 social service consultants, across three locations and the surrounding regions. At Family Links, we pride ourselves on working with clients of all ages and backgrounds using a servant-leadership and client-centered approach. We look forward to supporting the communities we serve for the next few decades.

## Position Summary

Families and individuals can access pre-license or licensed therapists through Family Links at home or in their communities. There is assistance available for resolving various issues, such as trauma recovery, family relationships, and reunification, and these services are available to young children, teens, and adults.

The therapist (or counselor from a related field) will provide clinical services to clients across the lifespan to address presenting problems stemming from trauma exposure and other challenges impacting human behavior. Therapists will assess, treat, and document interventions and progress toward goals on behalf of the client, the court, and insurance coverage. Therapists can work in the office, community, or family home to conduct treatment depending on the client's needs and the specifications of the case.

## Position Responsibilities

- Provide assessment, therapy, skills development, case management services, safety planning, and recovery planning to children and adults referred by DCS or via Medicaid.
- Attend team meetings, court, and provider meetings
- Advocate for clients' best interests
- Educate providers and families regarding youth services/needs and obtain essential documentation
- Attend court and DCS/Probation as well as team meetings for clients
- Meet agency standards for service delivery by completing contact notes, monthly reports, progress notes, required assessments
- Adhere to DCS Service Standards and Medicaid

## **Compensation**

- Salary range: \$55 - \$65 an hour based on years of experience, certification, and degree completion
  - At least 20 hours per month with a caseload of 6 clients.

## **Minimum Education & Experience Requirements**

- Master's degree in mental health or related field. (Required)
- Previous experience in social work, counseling, or behavioral health (Required)
- Licensed in the State of Indiana is preferred. (Preferred)
- Bilingual (Preferred)

## **Other Qualifications**

### *Preferred*

- Licensed in the State of Indiana in behavioral health, mental health, marriage and family therapy, social work, or counseling (or related field)
- Valid Indiana Driver's License
- Cleared Background Check (via Finger Printing)
- Excellent written and oral communication skills
- Excellent collaborative skills
- Minimum of 2 years of experience working with youth and families
- Ability to design and implement intervention strategies to improve child and family outcomes
- Ability to work independently
- Have a passion for youth and families
- Have experience with evaluating outcomes associated with interventions
- A desire to work alongside passionate service providers in the work setting
