

These are the names of all the students that attended school in De Luz. They are taken from the original State of California Public School Register of _____ District County of San Diego. In the beginning there were three districts: Santa Rosa, De Luz and Tenaja Joint. The first school was on the Day property (later Garnsey). The second school was built on the Wilmot property (40550 De Luz Murrieta Road) and was torn down in 1926 or 27. A new school was built at the present location of the De Luz Ecology Center) on De Luz Murrieta Road and from then on it was called the De Luz School District.
