De Luz Asks County To Improve Road

Eleven De Luz residents have signed a petition to the county supervisors asking that the road from Fallbrook to De Luz be oiled to make it all-weather for greater safety.

"It is the only road available for children attending Fallbrook schools," the letter stated. The road carries traffic between Fallbrook and Murrietta.

Parker W. Meade, a director of the Roads to Romance Association of Southern California, asked the supervisors to improve the San Felipe Highway from the Lake Henshaw area to Highway 78. Meade contends the road should be improved because "it is much less dangerous than the Banner Grade" and would save traveling time to the desert.
