The Section 68 Paymaster Project

The Good Samaritan Intervention

THERE IS ONLY ONE CAVEAT -

“THIS METHOD IS FOR PAYING OFF DEBTS AND NOT FOR ACQUIRING NEW PRODUCTS OR SERVICES - IT IS NOT DESIGNED FOR YOU TO ATTEMPT TO PAY CASH INTO YOUR ACCOUNT OR USE TRICKERY TO TRY TO PAY A DEBT WHICH GOT CREATED FOR YOU LAST NIGHT BY YOUR FRIEND. THAT ASIDE ALL ELSE IS POSSIBLE!”

*****THESE INSTRUCTIONS ARE FOR YOU – DO NOT SEND TO THE PAYEE/CREDITOR/BANK/CARD COMPANY*****

Hello there!

NEW INFORMATION - BATTLE TACTICS HAVE CHANGED AS THE WORLD BECOMES EVER MORE CRAZY

How to Handle Refusals of the Section 68 Payor for Honour Supra Protest & Just Because they “refuse the tender” does not mean that they have NOT been paid

“Good Samaritan” Intervention Drafts

On Saturday 6th May, I released a video via YouTube* (see below) which explained a revolutionary and simplified method Peter of England suggests you use to pay off your debt obligations. This method, to the best of my knowledge, HAS NEVER BEEN ATTEMPTED BEFORE, as everyone who has attempted to take control of their MASTERFILE GUARDIAN ACCOUNT has always done it for their own individual and personal gain. This has been done otherwise. If you have not watched the video, then I suggest you now so do, and then take appropriate action*. The method works in any country, anywhere in the world and is not common law jurisdictional country dependent.

THE PERFECTION OF THE PAYMASTER PLAN

The main thrust is to place into your hands an irrefutable method of "passing your debt burden parcel" over to someone else, hence absolving you of the necessity of having to handle the conflict of denial or dishonour.

Remember, it is only conflict or disagreement that lands you in court. If the parties agree, and with this method, an offer from a 3rd party (Peter of England) to pay the debt, [this fully satisfies those criteria], then who is there to take to court, and for what other than a desire to break and hobble you?

**THIS IS NOT DEBTOR v CREDITOR FINANCIAL POLITICS - THIS IS TRUSTEE v BENEFICIARY,
DISCHARGE AND SETOFF via MOVING TITLES IN TRUST - THIS IS THE HOLY GRAIL OF
COMMERCE AND DISCHARGE**

Furthermore, providing an absolute iron clad source of funds to the [supposed] PAYEE puts him in a bit of a bind: if he refuses to process the payment (and must provide proof) then the debt obligation on your/our part is voided and secondly, if he takes you to court or tries to without petitioning the relevant banks for payment then again we cry, "Foul!" The knowledge behind this formula, I assure you, they do not want to discuss in OPEN court.

Finally, as we can categorically prove that "The State" has shredded the social contract to which it is beholden via coercion, lies, trickery deceit and more places me and hence you, in a very tenable position. The Judge, being juiced into the scam, is the prime target for the discharge of the case against you if the CREDITOR (so called) attempts court action.

EVERYTHING IS HANDLED VIA PAPERWORK AND IN COURT OR VIA SPECIAL APPEARANCE

PLEASE REMEMBER ALSO THAT AS "the strawman persona" of Peter of England has accepted to pay your fraudulent CREDITOR on your behalf, then it is he that is to be brought forth on the complaint and NOT YOU! Once a 3rd party intervenes, it is he who is liable on the bill.

I am putting an absolute perfect method of "discharging your every debt obligation" into your hands here BUT you must be tenacious and understand the nature of the power within what I offer otherwise at the first push-back, you will be prone to submitting to their false claims.

THE BOTTOM LINE IS:

"Submit the cheque to the payee for discharge with the enclosed letter, which you download here: <https://werebank.co.uk/documents> Document_Letter_Legal_Dept_Signed

This is your last word and consequent to NON-ACCEPTANCE OF THE DRAFT BY THEM, you'll see them in court. After that your involvement is over.

TO PRECIS AGAIN WHAT YOU NEED TO DO:

1. Inevitably, this war of attrition means that in all probability the PAYEE/FALSE CREDITOR is simply going to do what he/she always does and that's: "Follow the old protocol and in a knee jerk reaction" threaten you with foreclosure. That's exactly what we expect and that is what we want! Do not be surprised. Over the next several weeks we are attempting to flood the market with these instruments and so you are the vanguard helping everyone who comes after.

2. I am trying to make this as simple as possible for you to deal with and so have tried to take from you the responsibility for the debt burden you are saddled with, but I can only do so much, so here is the tactic we use:

3. You present the draft (S68 Payor for Honour) instrument to the “pretend lender” with the printed off document you have downloaded from the DOCUMENT SECTION on the Were Bank of England website. By present, I mean that you ENTER THE AMOUNT AS WELL AS THE NAME OF THE PAYEE IN WORDS and then the amount in figures and denominate the currency upon the draft. You date it and that’s it. POST IT RECORDED SIGNED FOR! OR send by courier. Clear?

4. Please ensure that you keep a record of both the receipt signature and the date it was received as this forms a part of the “paper-trail” and the formation of a Secondary Trust via endorsement and transfer.

5. Also make a copy of the Document_Letter_ Legal_Dept which you are going to send and ensure that you send the (1) DRAFT + CONTENTS to the PAYEE AND ALSO (2) SEND A COPY TO THEIR LEGAL* DEPARTMENT or REPRESENTATIVE. [*It is a good idea to phone the PAYEE/CREDITOR and tell them that you wish to make a complaint and that they should supply you with the name of their legal representatives.]

TO RECAP THIS IS YOUR MINDSET AND POSITION – NO NEGOTIATION

There is no Rule of Law! The past decade proves it and more...

- A. The Judge is not an impartial arbiter and so must recuse himself from attempting to preside over the case, he has sworn an Oath of Allegiance to the Crown and carries the weight of every other judge above him as he sits on the Bench = Bank = Banque. The judges of The Supreme Court are daily directed to form policy decisions which are nothing more than the policy documents for continued enslavement of you and the rest of the world. He is paid by the Central Banks via the IMF/BIS. What does he bring to the proceedings other than pre-judgement and a false heart. He is incapable of proceeding in the case if he does NOT admit to the facts and if he does not know of them he is incompetent to be sitting on the Bench. Either way he has to go. It may be opportune to address some of these questions to The Court via paperwork presentations before any court action, case date etc!

- B. The prosecution attorney/lawyer/solicitor/para legal too is a Member of a Closed Shop and on the payroll of the perpetrator of the “passing off” and so also is not competent to present any opinion as he/she is beholden to the Court and sworn not to embarrass the court or the judge – as they are Members of the ABA, The Law Society, The Bar Association then as joint conspirators in a joint plan acting as silent partners with THE COUNTERPARTY in your case The Complainant, YOU ARE ON THE HIGH GROUND, IN HONOUR and WITHIN YOUR RIGHTS TO SO ACT.

- C. The Clerk of the Court too is an ecclesiastical appointee and again barred from taking any part.

- D. This means that in one fell swoop you have recused the entire court establishment from handling the case against you as they are all on the payroll of The World Bank, IMF and Bank for International Settlements.
- E. In and off itself this maybe acceptable but pretending otherwise fragments the social contract imperative between the Governed and the Government. Fraud vitiates everything!
- F. The Judge receives his monthly pay cheque into a bank account does he not? So too all the legal team and anyone coming up against you. Some, like Masons Higher Ranking Civil Servants, Members of The Senior Executive Service, are consciously “juiced in,” but others, like the Admin. Staff, are totally unaware of the 1933 and 1944 Global Bankruptcy which forced all signatories into the PUBLIC SIDE of a debt ledger which could never be paid off.
- G. Have you ever been told this? Have you learned about this in school? Is it discussed anywhere? No. is the answer, and why do you think that is so? Because it’s a “social time bomb, a land-mine of nuclear proportions,” and with this presentment, “they’ve just heard the **“CLICK!”**”

You may at this stage be wilting under the prospect of ever winning against such odds but we have God on our side, the rest of the Sonship and to boot, we warn both the CREDITOR de SON TORT as well as The Judge/Judiciary, that we are fully prepared to convene, under lawful authority, a Grand Jury to hear the complaint, which is a Class Action or Group Action suit: Do we really need their Injustice System?

Anyone, interested in helping convene such Juries should get in touch with me via the email address asap.

Yours in Love and Light,

Peter of England LL.B; F.R.C.
