

LauerLaw, LLC is a leading provider of legal, regulatory and business development support to emerging and established healthcare companies. Rick Lauer, the founding member of LauerLaw, LLC, has nearly 25 years of experience representing clients of all kinds. Rick now serves as the “outside” General Counsel for healthcare companies that require experienced legal counsel, but may not be ready to hire a full-time attorney. Among other clients, Rick has represented distributors and manufacturers of prescription drugs, medical devices and OTC products, third-party logistics companies that service the healthcare industry, and retail and closed-door pharmacies.

Most recently, as General Counsel of the 360 Pharma Group, Rick was a key member of a small executive team that, in a five-year span, doubled revenue and EBITDA, designed, developed and opened a 300,000 square-foot distribution facility and world headquarters, and completed the successful sale of the business to McKesson Corporation. Now, LauerLaw, LLC stands ready to help other clients achieve their goals.

With vast experience navigating the legal and regulatory requirements of the DEA, FDA, the State Boards of Pharmacy, and the NABP (including VAWD accreditation), LauerLaw, LLC helps healthcare companies ***get legal and stay legal***, allowing its clients to focus on what they do best.

LauerLaw, LLC also helps healthcare clients that want to start a business, buy a business, sell a business or grow a business. The firm provides practical, business-savvy, advice and consulting based on real-world experience and a deep understanding of the intersection between law and the realities of running a successful business. LauerLaw, LLC’s mission is to help its clients achieve their goals as quickly and efficiently as possible.
