

Pep-Up

302-856-2555

Tuckahoe Trailer Sales will set up the installation and pay for your first 100 lb. tank (approx. 25 gallons) of propane as part of your set-up fee.

- Request "will-call" service. You must monitor your own usage with the rainbow sticker gauge.
- Be sure to call for a fill-up at around 20%. If the tank runs out, you will be charged \$100.00 for a leak-test and re-pressurization prior to filling up.
- Be sure to give Pep-Up your home mailing address for billing.
- You own the tank, so there are no rental fees.
