

Greetings to our loyal followers and a warm welcome to our new ones. We are thrilled to have you all as part of our community.

The event industry has faced significant challenges in recent years, including the rising cost of living and the impact of the COVID pandemic. These have been trying times, but we have persevered and emerged stronger. With a positive outlook and a wealth of lessons learned, we are excited to embark on a new chapter in 2024, compete with a revamped website and a renewed sense of direction.

With a change in ownership and the restructuring of our company, TEC is now proudly owned by James and Emma Coppens. We are locals with diverse experience in the event industry.

James has extensive experience in staging and rigging for major concerts and TV shows, including most recently when P!NK came to town! Emma has five years of experience in the event industry, specialising in private events and excels in the creative aspect of events. After careful consideration and feedback from our valued customers, we have decided to streamline our offerings, equipment and venues to ensure we deliver a high-quality product that we can effectively manage in the current business climate.

Recently, we made the decision to close our trading at the Sovereign, where we have hosted numerous events, weddings and provided accommodation for the past three years. This strategic move allows us to focus our efforts and resources on our other ventures.

We take pride in offering one of the most extensive hire ranges in Townsville, encompassing décor, furniture, staging, catering equipment, signage and of course balloons! After careful consideration, we are thrilled to announce that we are now expanding our services to support and empower the DIY bride and independent couples more than ever before. Our entire product line is now available for dry hire, providing the flexibility to collect and utilise items as desired. This innovative approach enables our customers to achieve significant cost savings on labour and delivery, potentially saving hundreds to thousands of dollars.

For those who prefer a more comprehensive service, we continue to offer full-service options, including styling and event management.

In late 2023, we were presented an exceptional opportunity to acquire twenty-six, fully furnished glamping tents. We are thrilled to exclusively offer these tents at The Estate, further enhancing our offerings and providing our clients with unique and memorable experiences. The Estate is now primarily available for dry hire at a set fee, with some fantastic inclusions from our hire range. You are welcome to bring in any catering, beverage or décor team you desire. Naturally, we can organise all of this for you, but with budgets in mind and the increasing empowerment of consumers in the retail world, we are happy to support you in coordinating, purchasing or envisioning your wedding exactly as you would like it.

We look forward to working with you in the future and are here to answer any questions you may have.

Our website at <https://tsveventco.com> has recently been updated with our new offerings, and we continue to add more to our hire range as we photograph and catalogue them. If there is something you cannot find, please contact us as soon as possible! We hope to see you at an

event soon,
James & Emma
