EXPERIENCE THE **FAIRWAY DIFFERENCE**

Railing technologies for any application.

Create the view you want while maintaining safety and style. Our railing solutions are designed to meet the needs of any environment. Six technologies give you the versatility to get the style you want while ensuring the highest quality and safety standards.

Redefine your expectations.

Great design means something different to everyone. With hundreds of combinations available, you can create a space that inspires. From modern to traditional, the right mix of color and infill style helps to transform your space to become exactly what you expect.

Blend in or stand out.

Railing is the finishing touch on your outdoor space, make it your own. Whether you want to subtly complement the architecture of your home or make a bold statement that makes your neighbors jealous, the choice is yours.

Choose What's Right for You!

A perfect blend of design versatility, precision craftsmanship, and the highest safety standards has led our Fairway Railing Collection to be a top choice in deck and porch railings for more than 20 years. Choose from our range of technologies, colors, and infill styles to add the perfect finishing touch to your outdoor space.

ALUMINUM RAILING

FAIRWAY RAILING

ALUMINUM

With two rail styles to choose from, our aluminum railing options are engineered for design flexibility and easy installation. Powder coated for increased durability in the most extreme weather conditions and constructed with our proprietary noise-reducing technology – you get a long-lasting, low maintenance railing system in the exact style you love.

STEEL RAILING

FAIRWAY RAILING

STEEL

Our steel railing is strong, durable, and low maintenance. Not only does the sleek profile look great with nearly any design style, its powder coated finish ensures a long life standing up to even the harshest weather conditions. Pre-welded, fully assembled panels ensure a fast and simple installation every time.

COMPOSITE RAILING

FAIRWAY RAILING

COMPOSITE

Engineered for durability, strength, and a low maintenance life, our composite railing pairs classic style with infill options that add a modern touch. Designed to withstand extreme weather conditions in any climate, you get the look and feel of real wood without the worry of refinishing, twisting, rotting, or splintering.

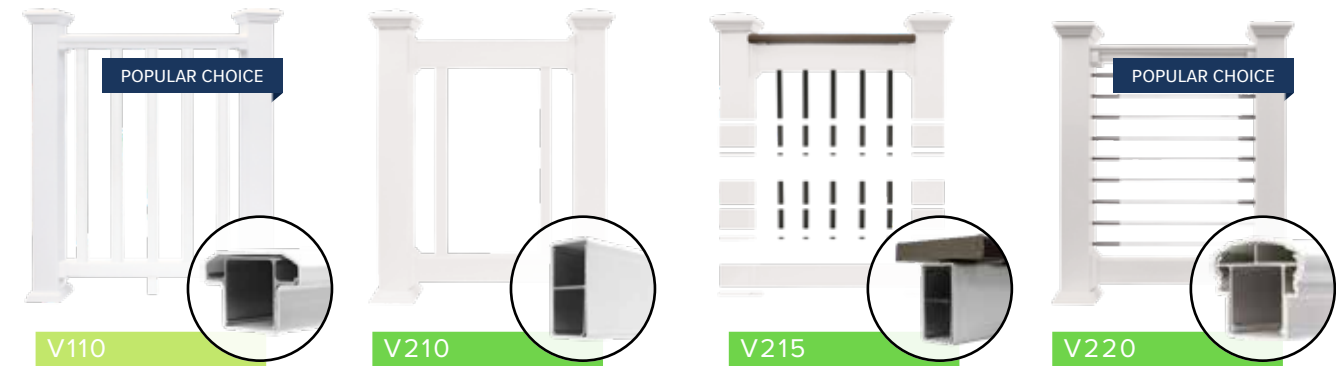

VINYL/PVC RAILING

FAIRWAY RAILING

VINYL/PVC

With a robust selection of rail styles and infill designs available, our vinyl, PVC, and Tri-Layer railing options are a perfect combination of strong, sturdy, and low maintenance at a budget that works for you. Designed with strength in mind, all our Vinyl/PVC railing is engineered to last giving you the durable, safe, and reliable performance you expect in the style you want.

Want to use your deck in the colder months? Wood or gas fire features are the way to go!

Our take on the modern farmhouse gives this grey deck a rustic twist on a modern home. Paired with A210 aluminum railing in textured bronze and black horizontal balusters, this deck becomes the perfect canvas for inviting your indoors, out.

Bar carts make great accent pieces and an even better entertaining accessory.

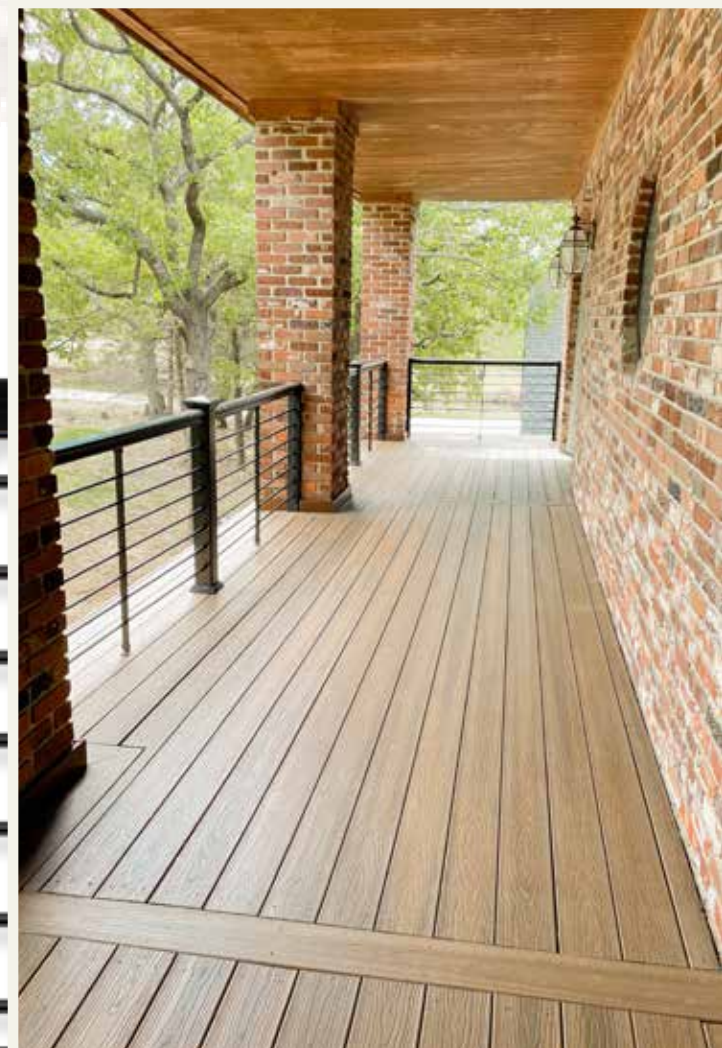

Modern Farmhouse

Blank Canvas?

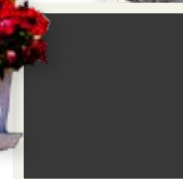

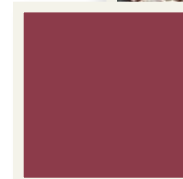

No problem.

Grab your two favorite decking and railing combos. For this we will use blonde composite decking and our black CP310 composite railing.

This combo is popular for its stunning contrast and equally simple base for any design style.

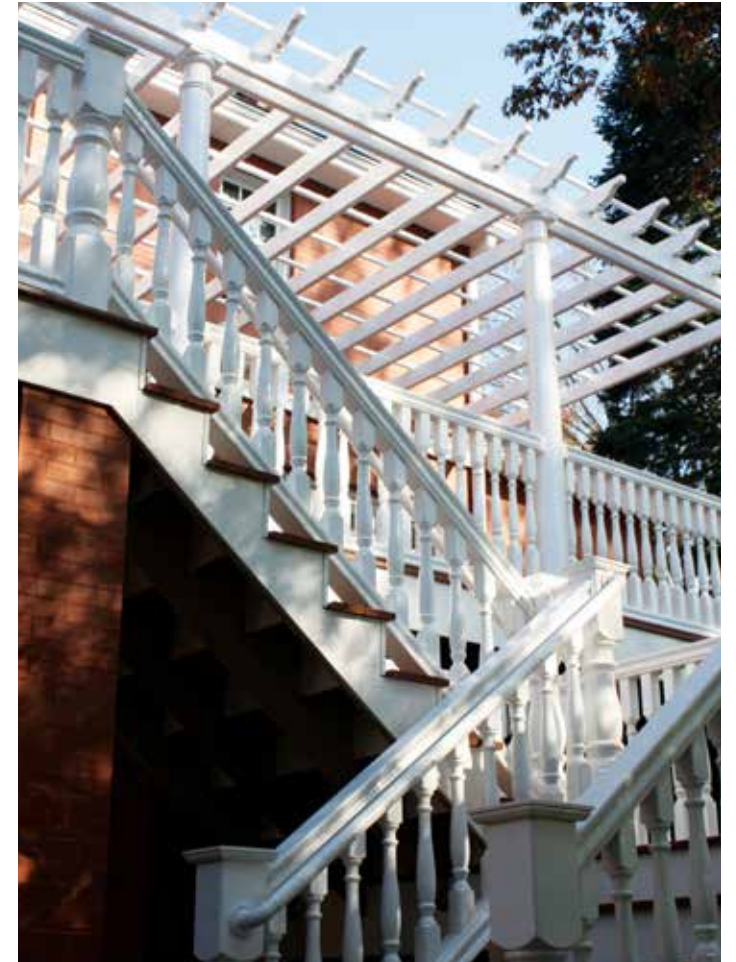

Adding flower pots or flower boxes adds life and vibrancy to your blank canvas.
