# Enhanced Level Screening

Pricing to fit your need and frequency

Not every company has the same hiring needs. A small professional office may require one or two people to add or replace a valuable team member. A larger high turnover industry may require more people more frequently. One thing is still the same. **Both need to find the *BEST FIT* to fill that hiring requirement.**

**Our Pre-hire employee screening employs three of the most effective testing protocols in the industry.**

**Results are delivered by a professional with over thirty years experience.**
