Power Combinations
Your "Superpower!"

Color 1	Color 2	Combo	Description
Or	Go	**Orange - Gold**	This combo offers the power of action coupled with a plan to make it happen. The Orange wants to go, do, and be active, while the Gold provides the planning of a detailed roadmap to arrive at the intended destination.
Or	Gr	**Orange - Green**	This combo has a wonderful ability to be creative and open to possibilities. The Orange drives the action, while the Green drives the thinking. Both are capable creators and, given the opportunity, can reach into uncharted waters.
Or	Bl	**Orange - Blue**	This combo provides a powerful one-two punch to create relationships. The Orange personality is often attractive to others and provides an impelling force, while the Blue provides the social skill of a people person to be able to make connections with others.
Go	Or	**Gold - Orange**	This combo has a high need for realism. They see structure while seeing possibilities. They put their ducks in a row just before launching into action. These are the people with a plan and are anxious to execute that plan.
Go	Gr	**Gold - Green**	This combo is a powerful mixture of concrete facts with a need for details and data. This personality combo provides a well-thought-out plan with possibilities and scenarios identified. They can bring an amazing view to any situation because their structure and plan will be so detailed and thorough.
Go	Bl	**Gold - Blue**	This combo has a super capacity to understand what should be done, what the steps are, and how to bring people into the plan. The Gold personality sees a traditional way to move forward or provide the right answer. The Blue personality blends in the insights about the people involved and how they can be an asset.
Gr	Or	**Green - Orange**	This combo has great potential for wonderful ideas and action. They can see a possible solution and can act on that possibility at a moment's notice. However, this combo must be aware of the potential to "ready, fire, aim" which can be destructive. Self-awareness is important. Their true strength is in their ability to envision something and act before others are able to even begin to see the concept.
Gr	Go	**Green - Gold**	This combo has a great one-two punch - first the ideas, then the plan. These are the thinkers who can see the end result and walk a team through the scenario to arrive at the desired outcome. This visionary-type thinking, coupled with pragmatic steps, is a solid combo for a high-level leader (e.g., Chief Executive Officer).
Gr	Bl	**Green - Blue**	This combo is a pairing that shares an intuitive understanding of people and situations. The primary Green drives the global thinking, while the secondary Blue considers the impact. Possibilities abound for designing something to help people enjoy a better life. The satisfaction of creating something new and useful, united with improving quality of life, is truly rewarding to a Green-Blue.
