About Us

JRJ Technologies was founded in 2000. We are SBA certified as an 8(m) Economically Disadvantaged Women-Owned Small Business, delivering full lifecycle implementation of SAP and SAP Ecosystem consulting services. We make SAP work for you!

JRJ Tech has been providing experienced, dependable, cost-effective solutions to meet growing demand in the Federal contracting marketplace for over a decade. We help our clients harness the power of SAP and maximize its potential to transform business, with a proven track record in SAP and SAP ecosystem support from blueprint and design to development, deployment, and sustainment. We are committed to providing our clients with service they can trust to always be focused on the best interests of the entire team, which is why we employ consultants who have the depth and breadth of experience to make complex tasks routine.
