An ISO 9001:2008 Certified Co.

Swarup Polymers Pvt Ltd is incorporated in India in 1988, SPPL is involved in exporting, distributing and marketing of automotive parts and accessories since then.

We at SPPL manufacture plastic auto motive replacement body parts, such as bumpers, grills, tie members (cover carrier assy), fender linings, and car foot mats, etc. These superior quality parts are marketed in India under the brand name SWARUP.

SPPL's entire operations are certified under ISO 9001:2015 TUV Certified. Through its integrated Hi-tech manufacturing capabilities. Swarup produces quality products for domestic market and as well as export to 20 market world-wide.

QUALITY POLICY

We are committed to supply quality automotive parts that fulfil customer satisfaction consistently thought continual improvement with the use of process approach and risk based thinking to achieve quality management system results in line with the organisation strategic direction.

CORE STRENGTHS

- Excellence • Safe packing • Customer focus • On time delivery
- Cost effective • Respect • On time delivery

Growth Story

We have an inspiring long journey. Our innovative solution and customized services have shown us the way to growth and prosperity. We command a formidable presence both in after markets and OEMs and have achieved a high level of client appreciation by understanding their requirements and exceeding their expectation.

What we are now is because of what we have been doing for the past 4 decades.

1970: commenced as a company manufacturing holder the name of Gurucharan International under the brand name KK.

1975: The company diversified from manufacturing holder to lighting and sheet metal parts.

1985: Entered into the plastic moulded industry and started dealing with commercial vehicles.

1995: Widened the horizon by venturing into private vehicles and becoming a reliable name among the after market customer.

1999: Established advance manufacturing unit and a corporate office in Narela with all the requisite infrastructure and technology.

2004: Commenced export to more than 10 countries.

2008: Started another firm Lighto Plast Industry with the brand name Krisstal.

2011: Expanded business with manufacturing for OEMs like Standard Tractor, Rasandik Industries India Ltd. Preet Tractor and combine. Apollo Construction Pvt. Ltd., ACE Construction Ltd.

2012: Started another company Gurucharan Exports Pvt. Ltd.

2014: Entered in automotive OEMs with AMW Global Truck.

2016: Started hard coating in PC Lens.

2017: Established KK LIGHTING INDIA PVT. LTD. modern manufacturing unit in Kundali (Sonipat) with all advance machines and equipments as per OEMs requirement.

KK Lighting India Pvt. Ltd. was established in 1970 and has been designing and manufacturing vehicle lighting. With 49 years of experience KK Lighting India Pvt. Ltd. developed and utilized its extensive lighting expertise and advance designs to bring our customer a wide range of high quality products.

A manufacturing company of automotive head lamp, rear combination lamp, front combination lamp, indicator, reflex reflector, Work lamp, LED rear combination lamp & indicator, LED work lamp, Projector Lamp & Plastic Moulded components etc.

Quality

Quality is our top priority and we incorporated quality planning, monitoring and inspections into every phase, both product development and throughout the production process. Our employees are also highly experienced, knowledgeable and quality conscious, and they undergo extensive professional training on a regular basis to ensure that they maintain their expertise in the lighting field.

Our quality management system is set in alignment with definitions set out in the ISO 9001:2015 standards and customized to meet additional customer specific requirements. We have successfully passed quality audits by well-known international corporations and proven our superior quality as compared to our competitors.

Our Strength

- Ability to develop innovative products
- Service superiority
- Quality of work force
- Quality of strategic decision making
- Research & development
- Design, Development, protect management and manufacturing expertise

Infrastructure

- Assembly Line
- Injection Moulding Machine
- BMC Moulding Machine
- Vacuum Metalizing Plant
- Integrated Hard Coating Plant
- Tool Room
- Testing Lab
