

Easing Transitions with Home Care Services

Making a transition can be a challenging time not only for the individual, but also for the family. Admitting that we need help is difficult. It can be difficult to give up some independence. We know the importance of relying on supportive services. Allow us to make this transition as smooth as possible.

Getting re-acclimated can be challenging but having someone by your side will certainly make it much easier. See below for services that we can provide to ensure you or your loved one feel at ease.

- Help with unpacking items
- Assistance with getting individual settled into home including new living environment
- Light housekeeping, including refrigerator clean up, changing bed linens, and laundry services
- Bring individual to social activities
- Overnight care
- Additional personal care services
- Medication Reminders
- Communicate any needs with community staff, physicians, family, and all appropriate contacts
- Transportation services to doctors appointments, grocery store, or errands
- One-on-one safety assurance with ambulation and transfer support.

Transitional Packages

We have developed Transitional Move-in Packages to help with the first several days being at home. All services are comprehensive. Services can be completely customized and tailored to meet the needs of the individual. *Transitional Packages are priced at a discounted rate for the first week of care. Regular rates apply thereafter.

3 Day (32 hrs.)

5 Day (40 hrs.)

7 Day (46 hrs.)
