## LIFETIME WARRANTY

Nicolock provides a limited lifetime warranty on the structural integrity of its manufactured product line used in residential applications. Nicolock pavers are warrantied for as long as you own your home and are transferable to the next owner should you sell. Nicolock products installed in accordance with our guidelines and industry standards that are deemed to be structurally defective will be replaced with product of equal value. Removal and replacement labor cost is not the responsibility of Nicolock. Regarding de-icing products, Nicolock recommends sand for slip resistance as it is the most environmentally friendly product for use on concrete products to make sure surfaces are skid and slip resistant. If a de-icing product is used, Nicolock recommends using only NaCl (rock salt) and should be used sparingly, following the manufacturer's instructions. Once ice is loosened, remove immediately to avoid buildup of the de-icing agent. De-icing agents of any kind are not recommended for our Nicostone line.

Color matching and product availability are not guaranteed. Proof of purchase and/or installation contract must be made available prior to or at the time of inspection by an authorized Nicolock representative. Other exclusions apply.

Nicolock / Nicolita Concrete Products is the owner or authorized user of all patents and trademarks for products and designs illustrated herein. Firma®, Checker Block®, Sante-Euro® & paver-**shield**® are examples of registered trademarks of Nicolita Concrete Products. SF-Rima® is a trademark of SF Concrete Technology, Inc. Trinity® is a trademark of Earth Reinforcement Technologies. • US Patent #: Firma® 6,082,933.

# OVATION FIRE PIT

Every season is the season for the Ovation. Easily installed, the Ovation can create warmth and ambiance at your home tonight! Choosing your package is easy. Start by selecting your burn type (Wood, Smoke-Less or Gas), then select from our various options.

Ovation Fire Pit Deluxe Match Throw | Color: NY Bluestone, Ledge Stone Texture

## VERTICAL PANEL TECHNOLOGY

Vertical Panel Technology is the smart alternative to block and stone masonry. Reinforced concrete panels and easy installation process makes constructing outdoor living spaces quick and affordable. This technology enables you to choose the texture, profile and color palette to fit the natural landscape of any backyard or outdoor setting. Reduce material waste and environmental impact, while delivering the highest quality vertical masonry structures.
