SOFT PASTEL PAINTING with Robin Samiljan

Supply List

Assorted soft pastels, a good range of color and value - I recommend the Sennelier Paris collection if you don't already own any soft pastels.

Nupastel or Rembrandt (hard pastels) for finishing marks and underpainting

Pastel papers - sanded and unsanded

Photo references to work from in class. We also have a library of art books in the studio.

*If you are new to pastel painting, we will be reviewing materials in the first class.
