### **Monoprinting with a Gelli Plate**

**Inks** <https://www.dickblick.com/items/speedball-block-printing-ink-starter-set/>

**Paint** Fluid and Golden Open acrylics work well on the gelli plates. It's not necessary to bring paint if you have the inks unless you'd like to experiment with them.

**Paper** We will supply paper. Feel free to bring collage materials which have personal meaning to you. Papers that work well for collage include, tissue paper, magazine and newspaper, drawings, maps and printed images.

**If you have questions, feel free to email [janettrierweiler@gmail.com](mailto:janettrierweiler@gmail.com)**
