

MAIN SHIP AIRCRAFT BATTERIES

DESCRIPTION

On board starting and emergency backup power; reliable and easily maintained power for challenging applications in all types of harsh environments

ELIGIBILITY

Airbus
Boeing
Bombardier

BENEFITS & IMPROVEMENTS

- ▲ Increased time on wing
- ▲ Latest nickel cadmium technology
- ▲ Meets or exceeds aircraft requirements
- ▲ Backed with more than 40 years of nickel cadmium experience
- ▲ Cost effective OEM replacement

| VA Part Number | OEM Part Number | Description | Design Improvements | Aircraft |
|----------------|-----------------|------------------|--|-------------|
| 2758-VA | 2758 | Mainship Battery | Improved Maintenance Interval - 1500 Operational Hours | A320 Family |
| 2758-LMVA | 2758 416526 | Mainship Battery | Improved Maintenance Interval - 2000 Operational Hours | A320 Family |
| 2758-RMVA | 2758 416526 | Mainship Battery | Improved Maintenance Interval - 4000 Operational Hours | A320 Family |
