****CREDIT CARD INFORMATION SECTION****

Credit Card Number: _____ Expiration Date: _____
 Security Code: _____ Zip Code: _____ Name on Card: _____

******After 48 hours of running your pool, you should stop by our store with a water sample so that you can balance your chemicals to save your liner and pool equipment.******

IMPORTANT UPDATES.

We have changes to our operating procedures effective 01/01/2022 please see the following.

1. Please call the store at 570-230-0015 or email at ccpns@echoes.net. Do not call Dave on his cell phone as calls and messages are getting lost because he is on jobsites all day. This will also cut down on missed and non-returned or non-received calls because we have a new phone system that tracks all incoming and outgoing calls. If you leave a message or speak with Dave, there is a chance you will be lost in the shuffle!
2. All openings, closings and chemicals being delivered must be paid for in full to reserve your spot on our list. If there is extra work, you need done please send it in with this form so we can send you a QUOTE for the work you need done.

As always, we look forward to a great summer!!!!

Dave & The Team at Crystal Clear Pools
