

DMV NSBE, Jr's Mandarin Program

Tomorrow's STEM leaders must be able to compete, work & thrive in a globalized world with diverse, multilingual consumers and economies. Developing second language communication & writing skills at an early age can enhance children's brain power; expand their circles of friends; and in the future, benefit their career.

Our chapter offers Mandarin language classes with Mrs. Margaret Huang, Certified Mandarin Teacher: Intro and Proficiency levels to K-12th Grade members of our NSBE, Jr. Chapter. Students will learn Mandarin Chinese language and culture through traditional lessons as well as songs, stories, games, and art projects in a student-centered environment. Cultural elements are woven into the curriculum so that students can study the Chinese language while also learning about Chinese culture and life.

Saturday classes follow the academic school year and are divided into two semesters:
October 5th, 2019 – February 8th, 2020
February 22nd - June 6th, 2020
