A woman with long blonde hair and bright blue eyes is looking at a mobile phone held to her ear. She has a shocked expression with her mouth wide open. The background is a bright yellow-green gradient with a large, stylized wave pattern in shades of green and yellow. The overall image has a green border.

**Manmade energy waves
are everywhere, but you
can't see them so they
don't really exist
...Right?**

In just the last 50 years we as a society have advanced 1000-times faster than ever in the entire history of human kind. In our quest for surface conveniences, quick fixes and immediate satisfaction we have ignored our spirit, our natural energy forces and our true well-being.

We're all surrounded by waves!

We are in a wave war where every minute of every day our body's natural bioenergetics are being distorted and weakened. The result of this has slowly reduced our quality of life. It has created stress and illness. And, it is causing us to look older and feel older than we need to be.

The solution is simple, stabilize, balance and strengthen your natural energy centers with Harmonic Energies.

We've taken action to protect ourselves and are fully prepared to win the Wave War. We *Feel the Shift*. You can too.

Feel the Shift

A woman with long brown hair is smiling warmly at the camera. Her hands are resting under her chin. Surrounding her head and shoulders are vibrant, ethereal energy waves in shades of blue, purple, and green. The background is dark with some faint, glowing structures that look like industrial towers or antennas.

“Oh, the waves are still there, it just has no effect on me.”

Harmonic Energy technologies stabilize, balance and strengthen the body's bioenergetics to help you to...

- ✓ Shift back to consistent energy
- ✓ Shift back to controlled patience
- ✓ Shift back to mental clarity
- ✓ Shift back to reduced hunger
- ✓ Shift back to effective immunity
- ✓ Shift back to quicker recovery
- ✓ Shift back to increased endurance
- ✓ Shift back to reduced inflammation
- ✓ Shift back to relaxed sleep

Shift and Stack for better results

Your first Harmonic Energy synchronization will place your body's bioenergetics in its optimum state of being.

A second application will help your body to focus its energies where it's needed most.

A third application will allow your body's excess energies to promote greater well-being, growth and additional protection to areas most vulnerable to the destabilizing manmade energy waves.

One is good, Two are better and Three are better yet.
