## Callahan Elementary Safety Patrol Visits NCSO

The Nassau County Sheriff's Office had the pleasure of hosting the 2nd Grade Safety Patrol group from Callahan Elementary School. The students got an inside look at the various units that keep our community safe, including the motor and traffic unit, ag-marine unit, and K9 unit. They were excited to meet our furry friends, bloodhound, Roxie and emotional therapy dog, Tank. Sheriff Leeper took the time to meet with the students and

presented them with challenge coins as a token of appreciation for their dedication to safety at their schools.

The students also had the opportunity to tour our 911 dispatch center and meet the voices behind the phone, learning firsthand about the critical role they play in emergency response. Thank you, Callahan Elementary School students and staff, for visiting NCSO and being part of our mission to keep Nassau County safe!

## Hilliard Town Park Sidewalks Approved to be Widened

Dawn S. West

The Hilliard Town Council met Thursday night for their first meeting of April. The first order of business was the Public Hearing and Second and Final Reading on Ordinance 2024-01 which concerns Block 159 Vacating Alley. The ordinance reads: an Ordinance relating to Public Right-of-Way or Alley; making findings, Vacating Public Right-of-Way or alley within or surrounded by Block 159; Plat of the West Portion of Hilliard; authorizing recording of a certified copy of this ordinance. Applicant Sylvester V. Helhoski, Sr. The council adopted the ordinance.

The next item was a proclamation read by Mayor John Beasley. The proclamation included: Whereas, water is a basic and essential need of

every living creature; and the Town of Hilliard has designated April, typically a dry month, as Water Conservation Month, to educate citizens about how they can help save Florida's precious water resources; every business, industry, school and citizen can make a difference when it comes to conserving water; hereby proclaim the month of April as Water Conservation Month in the Town of Hilliard.

The following agenda item was the approval of Resolution 2024-06 which concerned accepting a Florida Department of Transportation Grant offer of a Public Transportation Amendment to the Public Transportation Grant Agreement in the amount of \$15,000, to the Environmental Assessment of the North & South property acquisitions at the Hilliard Airpark.

The next item was also approved by the council. Resolution 2024-07, which concerns accepting a Florida Department of Transportation Grant offer of a Public Transportation grant agreement and authorizing and directing the Hilliard Town Council to accept such agreement in the amount of \$300,000, for Obstruction Removal on the ends of the north & south runways at the Hilliard Airpark.

The next three items were from Parks & Recreation Director Gabe Whittenburg. In first item, Whittenburg advised the council concerning and agreement with TopShelf Baseball Academy LLC and the Town of Hilliard for the use of the baseball grounds at Oxford Park. "The group (TopShelf) has agreed to maintain the grounds at the park (clay and mow the grass) while

they use the facility," said Whittenburg. "They have already bought bases for the field and it really looks nice down there. This will not interfere with any town activities we might have planned. They understand Town events come before them and are okay." The council approved the request to use the facility contingent on TopShelf providing insurance coverage for their players.

The second item concerned the Town Hall Fence installation around the retention pond. Whittenburg advised the council that the work would be completed by Wright Fence Company, who has done work for the town before, at a cost of \$5,975. This would be paid for using a portion of the \$50,000 Municipal Grant funds for the Board of County Commissioners. The council

## Thank You!

Dear Editor,

I just wanted to send a 'Thank You' to Coach Randy Smith for being so kind. My son passed away in January 2000...24 years ago. My son Donnie, played basketball at Callahan Middle School under the direction of Coach Smith. They had a very strong bond. I visit Pigeon Creek Cemetery from time to time to freshen the flowers on Donnie's grave and other family members and I have found a basketball on Donnie's grave signed by Coach Smith. I just wanted to thank him for continuing to remember Donnie and their special relationship.

Europeans landed in the New World. Items the Europeans sent to the New World include apples, onions, coffee, wheat and rice. Do you really want to give up those things just because they are NOT native to North and South America?

Along those same lines, please go through your house, and make a great big pile of all the things that were made outside the US. Check the labels on all of your groceries. Then, pile on all the clothes that were made abroad. Then, pile on all the electronics and appliances made outside the US. Finally, check where your car was made. Japan? Italy? Germany? Also, remember that American auto manufacturers use parts made outside the US. BTW, these are FACTS, not 'opinions'.

After you do that, you will easily see that YOU, and everyone you know, DESPERATELY want that bridge rebuilt, and are willing to pay for the repairs. Imagine what life would be like without the products brought in through the Port of Baltimore. Think about all the AMERICAN jobs that would be lost.

So, please educate yourself, and then rewrite your article.

Yours,  
Shari Gulley

## Hilliard Author Publishes Book

On April 1, Arcadia Publishing released *The Hidden History of Amelia Island* by Hilliard resident Jeff Suwak. It's available in stores now. The book was exhaustively researched, but Suwak also wanted to put a literary spin on the story and bring the characters and the place to life. His goal was to write a nonfictional Cannery Row (John Steinbeck), which is one of his favorite books. "In *Cannery Row*," said Suwak, "Steinbeck tells an inspiring story full of fascinating, seemingly simple yet deceptively deep characters living together in a small town. It's a celebration of human existence. That's how I wanted *The Hidden History of Amelia Island* to be, while sticking true to the facts."

freelance writer and hypnotist, moved to Hilliard about two years ago. He instantly fell in love with the landscape, the history, and the people. "Talking to people here," continued Suwak, "I get the feeling that many don't understand how special this region is. The friendliness, warmth, and humility that I've found here contrasts sharply with what I experienced on the west coast. I'm grateful to have found this place."

Suwak's next project is a thriller set in Hilliard. A volunteer with the Hilliard Action Committee, he opens the novel at the town's annual cleanup. Suwak dedicated *The Hidden History of Amelia Island* book to his mother, Alice Virginia Suwak, who passed away during the writing of the work.

# JUST MY OPINION

Roger R. West

Charlie Kirk is the Founder and Executive Director of Turning Point USA, a national student movement dedicated to identifying, organizing, and empowering young people to promote the principles of free markets and limited government. He was asked a question by Pastor John Randall and his answer will certainly cause a stir, but it should give pause and make us all reflect on his answer. I agree with him. He was asked, "Can you vote Democrat and still claim to be a Christian and live according to Biblical values?" He answered, "You cannot be a true born again Christian and vote Democrat. They are celebratory of millions of abortions a year; they believe that gender is infinite, you can change your gender and in fact they believe we should teach your children that and that they can get irreversible damage done to them by pharmacological agents and that the transgender craze, if you oppose, you're a hater and so some people say, but Charlie, what do the Democrats want? They want full and complete destruction of the United States of America. They do not want a better country. They do not want you to live in a better tomorrow. They want to overwhelm the system and radically transform it as Barack Obama said as one of the last things he said before he got elected president, 'We are only a few days away from fundamentally transforming this country.' Let me ask you a question, do you fundamentally

transform that which you love? You conserve that which you love. That is why we call ourselves conservatives. Because we have gratitude and love for this country, that we did not build, but we inherited, thanks to the grace and glory of God. So, to answer your question, no, if you vote Democrat as a Christian, I think you can no longer call yourself a Christian. You have to call yourself something else."

So, how is that 'Green New Deal' working out? Almost daily it seems to be faltering. You may wonder why? Well mainly because it is not even slightly feasible, actually it is downright stupid. The woke-liberals can't seem to reason with common sense. Hertz Rental Car Company had planned on making 25% of its fleet electric by the end of this year. However, plans have now drastically changed. Hertz recently announced that it is selling 20,000 EVs, about one-third of the company's electric vehicle fleet. According to a report from Bloomberg, Hertz has decided to cut back on EV rental cars because of high repair costs and weak demand from its customers. Hertz also reports EV's brings higher depreciation than they expected and the repair costs are spiraling out of control. In total, the company said it expected to lose over \$245 million on the agreements. They will instead opt for gas-powered vehicles once again. It's a shame stupid costs so much money!

As always...that's just my opinion!

# Rejected by Men, Accepted by God

*Pastor Walter Cooper, He Changed My Mind Ministries, Callahan*

To be rejected means to be despised, disapprove, or refuse. It's the opposite of accepted, to be included. Have you ever felt like you've been denied, trying your best to do everything right, and yet you didn't get the job, or the loan you were excited about didn't come through? Or make your local baseball, basketball, etc. team, whatever your favorite sport. Maybe it's even worse being rejected by your mother or your father. Perhaps you have prayed and felt like your prayers were being rejected by God.

There are passages in the Bible that clearly show that God sent his prophets and priests to direct Israel in the way they should live. They rejected the very message that God was sending to them his way he wanted them to worship. Rejection is a part of life; we must understand how to deal with it. Isaiah 53:3, "He is despised and rejected of men; A man of sorrows, and acquainted with grief."

And we hid as it were our faces from him; He was despised, and we esteemed him not. 1 Peter 2:4-5, "To whom coming, as unto a living stone, disallowed indeed of men, but chosen of God, and precious, Ye also, as lively stones, are built up a spiritual house, a holy priesthood, to offer up spiritual sacrifices, acceptable to God by Jesus Christ."

Even though Peter denied Jesus three times after Jesus was captured and delivered over to sinful men, what a blessing it is for us today as we read first Peter 2. God shares those powerful words to convey what we should do when men reject us. It shows us that we have hope and that we also are a part of that living stone, that cornerstone, which is God. He's the builder and Maker of our soul. Jesus was treated as if he was worthless, yet he became the chief cornerstone of our faith.

Rejection is hard to deal with. It can cause significant pain in our lives, but the very thing that men are rejecting us from does not necessarily disqualify us from being accepted by God. One of the greatest stories, that I like, in the word of God is King David, who was the least of them to be chosen out of all his brothers, but in God's sight, he was the first choice and only choice. Our natural intellect can't understand how God would use someone like David to be king over Israel but that's just like God. How God looks on the heart of man and man looks on the outward God knowing the intent of our heart man only knows our actions. Brothers and sisters, people may disregard you. They even may overlook you or simply ignore you or look down on you, but be encouraged today you are accepted by God. You're precious in God sight. He has chosen you as a living stone in his kingdom.

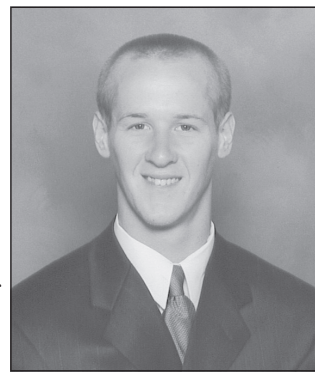

When Jesus walked this earth, he walked under the power and the authority of God. He was not being the peoples first choice, but yet he overcame that, and he was obedient until the end. We may have a similar journey as Jesus, but I promise you, brothers and sisters, you're very significant and God is working it out for your good. He's going to get the glory and the honor from our lives. Don't quit! Continue to walk by faith and not by sight, stay on the battlefield for your Lord and your God. Brothers and sisters be content with God's love for us as his love is endless.

It's imperative that you don't allow someone else's truth frame the way you think about yourself when you're rejected by others. Remember what God says about you: You are loved and full of worth. You're his child you have the Holy Spirit that's a part of your DNA. When we pray, God hears us. We want the will of God to be done in our life. Jesus was despised and rejected. If God can use someone like Peter to build his church, upon being that sure foundation, it shows that God can use us, even when we have been rejected by men. The Father allowed David to be king, and after David, his seed became king. We have the most remarkable example, King Jesus. I encourage you to believe God's report that he loves you unconditionally and he has chosen you to be a part of his kingdom.

Grace and peace for our Lord and Savior Jesus Christ.

# Clerk Announces Retirement

After decades of public service, Clerk John A. Crawford has announced his retirement, effective at the end of this current term. Clerk Crawford has served as the Nassau County Clerk of the Circuit Court and Comptroller for 5 consecutive terms beginning in January of 2005. He also served our county as a County Commissioner from 1990-1998. Clerk Crawford has been a tireless advocate for innovation, transparency, and service to the citizens of Nassau County and the state of Florida.

Clerk Crawford would like the citizens of Nassau County to know how profoundly honored and privileged he feels to have been able to serve you for all of these years.

As he will not be seeking reelection

in November, Clerk Crawford is endorsing his current Chief of Operations, Mitchell Keiter, as Nassau County's next Clerk of the Circuit Court

and Comptroller. Mr. Keiter has been with the Clerk's office almost as long as Clerk Crawford, coming onboard in September of 2005. Prior to becoming the Chief of Operations in 2017, Mr. Keiter served as Chief Deputy of Compliance and Accountability, and Chief Deputy of Information

Technologies. His years of experience in this office would prove to be invaluable as the incoming Clerk. Clerk Crawford encourages the citizens of Nassau County to support Mr. Keiter as he runs for this elected office in November.

# Nassau County Friends of NRA Event Coming

The Nassau County Friends of NRA 3rd Annual Event will be held Friday, April 26 at Camp Sorenson in Hilliard. The doors open at 6 p.m. We are excited to be holding our third event in the beautiful facility at Camp Sorenson!

Just like last year, we are also hosting a pre-event raffle. The cost per ticket is \$20 and we are only selling 100 tickets. The winner will receive a Henry Golden Boy 22 S/L/LR. Tickets are available at the Westside Journal office in Callahan. The winner will be drawn the night of our event!

What is the Friends of NRA? It is a program of the NRA Foundation. We are a non-political 501 charity. We raise funds by hosting these events. The monies collected are distributed to LOCAL organizations through a grant process. Friends of NRA supports public safety, ranges and improvements, shooting sports and education. You can find out more by visiting the website at: [www.friendsofnra.com/grants](http://www.friendsofnra.com/grants).

Buy a table, get a gun! There are different levels of tables available

for the night of the event. Each table seats 8 people. The tables are: Liberty (\$1,000), Patriot (\$1,500), Table of the Year (\$2,024) and Freedom Table (\$5,000). The more expensive the table, the higher the value of the gun you will receive.

There will have games, raffles, a silent auction, and a ladies table. If you purchase a table, you will receive a fun pack which includes funny money that can be used to play games. All game prizes are guns. There is also a wall of guns: if you win at this game, you can choose which gun you want from the selection posted. There are handguns, rifles and shot guns. The choice will be yours if you are a lucky winner! There will also be raffle tickets available for sale the night of the event. All raffle prizes are guns!

The ladies table will have items especially for the lady of the house as well as a lady's handgun as the main prize. You can purchase a rose for her and you will receive a ticket to win one of the prizes on the table. The grand prize will be a firearm just for her.

Attendees enjoy dinner and lots of chances to win guns! The evening concludes with a live auction and winners are chosen from the games, raffles, and silent auction. These events are volunteer-run and managed at the local level with NRA support staff oversight.

For any questions or to purchase a table for the event, call or text Karen at 904-903-9552; or email: [ncfnra01@gmail.com](mailto:ncfnra01@gmail.com).

## NCS D Celebrates Seven Schools of Excellence

At their March 27, 2024 meeting, The State Board of Education approved Florida's Schools of Excellence. The Nassau County School District is proud to announce that seven schools have been named Florida Department of Education Schools of Excellence for the 2022-2023 school year. The seven schools are Bryceville Elementary School, Callahan Intermediate School, Callahan Middle School, Emma Love Hardee Elementary School, Fernandina Beach High School, Hilliard Elementary School and Wildlight Elementary School. Of these seven schools, Bryceville Elementary School, Callahan Intermediate School, Emma Love Hardee Elementary School, Hilliard Elementary School and Fernandina Beach High School have been designated Schools of Excellence for six consecutive years. Wildlight Elementary School has been a School of Excellence for three straight years; and Callahan Middle School is recognized for the first time.

According to section 1003.631(1) (a), Florida Statutes (F.S.), a school can be designated as a School of Excellence if the school's percentage of possible points earned in its school grade calculation is in the 80th percentile or higher for schools comprised of the same grade groupings (elementary, middle, high and combination) for at least two of the last three school years. This program was created by the Florida Legislature in 2017. Schools that initially qualify for the designation retain their designation as a School of Excellence for up to three years, at the end of which they may renew the designation. "This is a significant accomplishment for our school district, and it is a testament to the hard work and dedication of our students, teachers and administrators," said Dr. Kathy Knight Burns, Superintendent of Nassau County School District. "Our district is committed to providing high-quality education to our students, and we will continue to work hard to maintain and expand this designation in the future."

## FSCJ Earns Military Friendly Gold Status Again

Florida State College at Jacksonville (FSCJ) was once again named a Military Friendly® School with a "Gold" ranking for 2024-25, in recognition of leading practices, outcomes and effective programs for student veterans. This is the second year in a row the College has received this designation. Postsecondary schools across the country were evaluated using public data sources and their responses to a survey. More than 1,800 schools participated in the 2024-25 survey, with 537 earning special awards for going above the standard.

Final ratings were determined by combining each institution's survey responses with an assessment of their ability to meet thresholds for student retention, graduation, job placement, loan repayment, persistence (degree advancement or transfer) and loan default rates for all students, specifically for student veterans. "FSCJ is proud to be recognized as a gold-level Military Friendly School again for

the second year in a row," said College President Dr. John Avendano. "Our faculty and staff consider it a privilege to walk alongside active-duty and veteran students, helping them to achieve their goals through higher education. We are grateful for their service and sacrifices, so it's our honor to help them succeed in any way we can."

The Military and Veteran Services department is the principal advocate at FSCJ for active military, veterans, military spouses and dependents, ensuring their unique needs are met. The staff serve as a connection to educational, financial and support resources to help these students be successful in their academic, professional and personal pursuits. Learn more about FSCJ's services for active-duty military, veterans, military spouses and dependents here: <https://www.fscj.edu/military-veterans>.
