

## **Spectrum Management Solutions Announces Appointment of Joseph Andrew as Equity Partner**

**Holton, Mich., December 1, 2021** – Spectrum Management Solutions (SMS) today announced the appointment of Joseph Andrew as an equity partner, responsible for business development. In this role, Andrew will maintain current customer relationships, develop relationships with new customers and support other activities related to growing the SMS customer base.

“We are excited to welcome Joseph to Spectrum,” said Mark Stidham, a founding partner of Spectrum Management Solutions. “With a strong manufacturing background, experience working for major automotive manufacturers, and a track record leading teams to profitable growth, Joseph will be an integral part of driving forward Spectrum’s aggressive growth strategy and positioning the brand.”

“I am thrilled to be a part of Spectrum Management Solutions and its team,” said Andrew. “I look forward to supporting the execution of the company’s strategy and its plans for continued growth as a world-class interim solution provider for manufacturing companies worldwide”.

Prior to joining SMS, Andrew was the general manager at Eckhart, a global supplier of world-class manufacturing equipment and automation solutions, based in North Vernon, Indiana. Before Eckhart he was the director of the commercial business unit for Faurecia North America’s Clean Mobility division, where he was a key leader in profit, business growth, and strategy.

Andrew brings more than 29 years of automotive and manufacturing experience, including P&L management, global sales, supplier development, continuous improvement, advanced manufacturing engineering and quality management. He holds degrees in business management and engineering.

### **ABOUT SPECTRUM MANAGEMENT SOLUTIONS**

Spectrum Management Solutions (SMS) is a leading supplier of interim professional human resources aimed at filling gaps within manufacturing companies that have interim staffing needs.
