**ARTICLE 12**  
**INSURANCE**

**A. Health Insurance**

1. Eligible employees must be regularly scheduled for a minimum of twenty-five (25) hours per week and for one hundred and eighty (180) days annually. Employees whose employment status does not conform with this definition and who are currently covered by the district health insurance plan shall continue under this plan until such time as their employment status with the district changes or terminates.
2. Newly hired employees who wish to enroll in health insurance will be enrolled effective the first of the month following their date of hire.
3. Existing District employees who are enrolled in health benefits at the time of entering the CSEA unit will be allowed to maintain continuous coverage.
4. Employees not eligible for paid benefits may opt to participate in District sponsored health/dental insurance at full cost, paid monthly and in advance as long as they remain employed by the district.
5. Dual enrollment of spouses who are both employed by the School District shall be precluded.
6. The District shall select the health insurance carrier(s). Nothing in this Article shall be interpreted to prevent the District from exercising its right to select different health insurance carriers for the plans offered.
7. The District agrees to make available to its eligible employees and unit retirees the following WSWHE Counties Health Insurance Consortium Trust (“Consortium Trust”) plans as long as such plans are available through the Consortium Trust.
  - a) Consortium Trust Alternate PPO Plan
  - b) Consortium Trust HRA Plan
8. The Consortium Trust Plans listed above shall be equivalent to the consortium plans in effect on July 1, 2016, as administered by Empire Blue Cross.
9. For only those employees hired before July 1, 2020, in addition to the above Consortium Trust plans, the District agrees make available to its eligible employees and unit retirees a CDPHP HMO. The HMO Plan above shall be equivalent to the consortium plan in effect on July 1, 2016.
10. Health Insurance Buyout: If an employee who is otherwise eligible for health insurance benefits elects not to participate in the School District’s health insurance plan, then that employee shall receive a lump sum payment. In addition, any CSEA member eligible for family or 2-person health insurance who selects an individual plan shall receive an individual buyout in a lump sum payment in accordance with the following conditions.

- a. Any employee who wishes to elect the options set forth above may do so either (a) at the time of their initial hiring, (b) at the end of any school year effective on July 1st of the following school year, or (c) at any other time during the school year limited to a maximum of once per school year.
- b. Eligible employees must submit the Annual Insurance Open Enrollment Acknowledgement Form to the Office of Human Resources by June 30 on an annual basis in order to receive a health insurance buyout for the following school year.
- c. Once an employee opts not to join or to disenroll from any insurance program, it is the employee's responsibility to re-enroll in the insurance program. There will be no automatic re-enrollment. The effective date for re-enrollment will be the first day of the month following the actual re-enrollment date.
- d. The district will pay a lump sum to an employee opting not to receive health insurance provided by the School District and who has fulfilled the requirements outlined in section 10 (a). That sum shall be as follows:

Family	\$1,600
Single	\$900

Such payment shall be made to the employee by June 30<sup>th</sup> of the fiscal year for which they disenroll from health insurance benefits. An employee who opts to re-enroll in any insurance plan during a year in which the employee elected to disenroll will receive a pro-rated lump sum payment of the above based on the period of non-participation. For example, an employee re-enrolling halfway through the school year would receive one-half of the lump sum payment.

- 11. The School District shall offer a cafeteria plan and flex spending plan in accordance with Section 125 of the Internal Revenue Code. Such plan(s) shall provide for flexible spending accounts which enable employees to pay for premium co-pays and health and dependent care costs with pre-tax contributions to the plans.
- 12. For those employees hired before July 1, 2020, health insurance contributions for eligible employees shall be as follows:

	2021-2022	2022-2023	2023-2024
<b>HRA</b>	14%	14%	14%
<b>Alt PPO</b>	17%	17%	17%
<b>CDPHP HMO</b>	22%	22%	23%

For those employees hired on or after July 1, 2020, health insurance contributions for eligible employees shall be as follows:

	2021-2022	2022-2023	2023-2024
<b>HRA</b>	14%	14%	14%

If an eligible employee hired on or after July 1, 2020 chooses to enroll in the Alt PPO, he or she shall be responsible for the difference between the amount the District would be responsible to pay under the HRA plan and the total cost of the plan chosen by the employee. The District will provide the Association with the amount of this difference in each year of the agreement.

**B. Dental Insurance**

1. Employees shall have the choice of the CSEA Sunrise dental insurance plan. Employees will pay the following percentage of the total premium cost of the dental plan:

5%

2. The Unit agrees that the District will be eligible for the Sunrise Dental Reduced Rate Schedule for the full term of this agreement as long as unit member participation rates do not fall below 50%.
3. Dental Insurance Buyout: Any employee who is eligible for dental benefits may waive those benefits and receive a \$200 buyout from the District.

\$200.00

- a. Eligible employees must submit the Annual Insurance Open Enrollment Acknowledgement Form to the Office of Human Resources by June 30 on an annual basis in order to receive a dental insurance buyout for the following school year.

**C. Disability Insurance**

1. Disability insurance will be provided for all eligible CSEA employees at total School District expense. The waiting period for disability coverage will be as required by current carrier, but not more than twenty-one (21) consecutive days. Employees will be required to use sick and personal days (if available) during the waiting period. On the twenty-second (22nd) day (or earlier as determined by disability carrier), employee(s) has/have the choice of utilizing the disability coverage or using more of their accrued sick and personal days. It is the responsibility of the employee to notify the Office of Human Resources in writing of their decision and to obtain the required disability forms to apply.

***ARTICLE 13  
RETIREMENT***

1. A bargaining unit member must have completed a minimum of ten (10) years of permanent employment with the School District at the time of retirement to be eligible for any of the benefits provided for in this section.
2. All eligible employees may apply for New York State Employees' Retirement, Section 75 (I) with riders 41-J (application of 165 sick days towards service credit to retirement) and 60-b (death benefits). This plan is non-contributory for members in Tiers I and II.

It is mandatory for members of New York State Employees' Retirement System to be covered by Social Security.

- The School District will pay a lump sum for each day of accumulated personal leave held at the date of retirement, to a maximum of fifty (50) days, if such accumulated personal days total at least one hundred (100) days. This lump sum payment will be calculated as 50% of the retiring employees per diem rate at the date of retirement, multiplied by the number of personal leave days accumulated in excess of one hundred (100) days, to a maximum of fifty (50) days for 12-month employees, forty (40) days for 11-month employees, and thirty (30) days for 10-month employees. See chart below for examples:

<b>Lump Sum Payment for Retiring Employees/Accumulated Personal Leave</b>			
(Examples below are in multiples of 10. Odd numbers will be calculated accordingly as above)			
<b>Accum. days over 100*</b>	<b>12 month Lump Sum</b>	<b>11 month Lump Sum</b>	<b>10 month Lump Sum</b>
10 days	5 days pay	5 days pay	5 days pay
20 days	10 days pay	10 days pay	10 days pay
30 days	15 days pay	15 days pay	15 days pay
40 days	20 days pay	20 days pay	N/A
50 days	25 days pay	N/A	N/A

\*100 days is the minimum number of accumulated days; 150 is the maximum.

- The School District shall pay a supplemental benefit bridge payment to any member of the bargaining unit who retires from the School District, pursuant to the regulations of the NYS Employees' Retirement System, prior to the age at which he/she is eligible for any type (i.e., full or reduced) Social Security retirement benefits. Such bridge payment shall be paid to the bargaining unit member at the effective date of retirement. The bridge payment shall be calculated as 4% of one year's base salary multiplied by the number of years between retirement age and the age at which the retiree first becomes eligible for Social Security retirement benefits, not to exceed seven (7) years. The highest base salary over a three-year period is used to determine the supplemental benefit bridge payment to retirees. For purposes of this section, base salary is defined as following the hourly rate of pay for regular scheduled work, stipends, shift differential, longevity and professional development credit. Employees retiring on December 31 shall have their base salary determined by their compensation for the previous twelve (12) months or the prior two (2) fiscal years, whichever is greater.
- Members of the bargaining unit who wish to retire on June 30 must provide written notice by February 15 in order to receive benefits provided for in this section. Those wishing to retire on December 31 must provide written notice to Human Resources by August 15 to receive said benefits. Upon agreement by both the District and CSEA, these dates may be waived and benefits maintained.
- Health Insurance Buyout: If a retiree who is otherwise eligible for health insurance benefits elects not to participate in the School District's health insurance benefit plan, then that retiree shall receive a lump sum payment in accordance with the following conditions:

- a) Eligible retirees must submit an Annual Insurance Open Enrollment Acknowledgement Form to the Office of Human Resources by June 30 on an annual basis in order to receive a health insurance buyout for the following school year.
7. Once a retiree opts not to join or to disenroll from any insurance program, it is the retiree's responsibility to re-enroll in the insurance program. There will be no automatic re-enrollment. The effective date for re-enrollment will be the first day of the month following the actual re-enrollment date.
8. The School District will pay a lump sum to a retiree opting not to receive health insurance provided by the School District and who has fulfilled the requirements outlined in Article 13, Section 6a. That sum shall be as shown in the chart below. Such payment shall be made to the retiree by June 30<sup>th</sup> of the fiscal year for which they disenroll from health insurance benefits. A retiree who opts to re-enroll in any insurance plan during a year in which the retiree elected to disenroll will receive a pro-rated lump sum payment of the amount based on the period of non-participation. For example, a retiree re-enrolling halfway through the school year would receive one-half of the lump sum payment.

Family	\$1,600
Single	\$900

9. For those employees who retire from the School District after July 2, 1992, health insurance benefits will continue after retirement, pursuant to the terms of this provision, for those who have been employed by the School District for a minimum of ten (10) years prior to their retirement.
10. Only dependents consisting of a spouse and dependent children the unit member has at the time of retirement are eligible for dependent coverage under this provision.
11. After 07//01/05, Medicare premiums will not be reimbursed for retirees or their spouse prospectively.
12. Health insurance contributions for eligible retirees are as follows:

<b>Years of Service</b>	
25 or More Years	17%
20-24 Years	20%
15-19 Years	30%
10-14 Years	60%

13. Unit members will be eligible to have their retirement health insurance contribution percentage reduced by 1%, 3%, or 5%, depending on the number of sick days they have accumulated at retirement, based on the following schedule:

<b>% Reduction</b>	<b>12 Month</b>		<b>11 Month</b>		<b>10 Month</b>	
<b>1.0%</b>	200	299	175	264	150	229
<b>3.0%</b>	300	399	265	354	230	309
<b>5.0%</b>	400		355		310	

**ARTICLE 14**  
**VACANCIES and SENIORITY**

1. As vacancies occur within a department and as the School District deems it necessary to fill such vacancy, a notice will be posted for seven (7) business days. In the event that the vacancy is for a Special Education Aide position, a notice will be posted for four (4) business days. Employees within the department in which the vacancy exists shall have the first option to bid on such position. If the vacancy is not filled from within the department, employees in other departments shall be given the opportunity to bid on the job. Employees will be notified as soon as the vacancy is filled. In filling vacancies within the School District, the School District will give a preference to incumbent employees of the School District, provided that the qualifications among the applicants are equal (e.g., seniority, training and experience, attendance, etc.). However, the School District retains the right to determine whether the qualifications of the applicants are equal or whether one of the applicants is more qualified to fill the vacancy. It is understood between the parties that the School District's right to determine qualifications is subject to review through the grievance procedure if the School District's actions in such cases are deemed arbitrary and capricious by the Association. (Refer to Article 27).
2. As vacancies are anticipated within a department (e.g., resignations, retirements, promotions) and as the School District deems necessary to fill such vacancies, a notice will be posted for ten (10) business days commencing fifteen (15) business days prior to the date the vacancy is anticipated to occur. If the vacancy occurs, it will then be filled in accordance with procedures set forth in Section 1 above.
3. The School District shall permit lateral transfers of similar titles from one school to another when such vacancy occurs on a shift or a seniority basis. The School District shall make lateral transfers at such times as is deemed in the best interest of the School District. Transfers shall not be considered punitive measures.
4. The Director of Human Resources will distribute to all managers, principals, and supervisors, adequate copies of all non-certified job postings and notices of testing to be posted in each of their respective work areas in all buildings.
5. The Office of Human Resources shall advise, in writing, to the Unit President, changes, openings, transfers, appointments or leaves of absence as soon as they occur in their respective work areas regarding non-certified personnel.
6. Employee seniority shall commence on the date of hiring by the employer as determined from the minutes of the Board of Education and shall continue until such employment is terminated. Should a per diem substitute be hired contiguously to fill a vacancy, his/her seniority will be determined based on when s/he began to sub in that same position. According to Civil Service

law (Section 80), a break in service of more than one year results in a loss of any seniority standing.

7. Employees will be appointed at the next scheduled business meeting of the Board of Education. If the employee has been working in the position prior to the Board appointment, the Board agenda will stipulate the appointment is retroactive back to the first day that work began. If more than one employee is being hired into the same job title, e.g. bus driver, the name that appears first on the Board agenda will carry seniority over the subsequent names.

## ***ARTICLE 15*** ***WORK WEEK***

1. A work week as provided for in this Article may include approval legal or contractual holidays, approved vacation leave, approved sick leave or approved personal leave. However, if an employee is deemed by the School District to have abused or misused his/her paid leave, the employee may be counseled concerning same and in such cases be denied the right to use paid personal, sick or vacation leave in calculating the employee's normal work week for the purposes of determining whether the employee is entitled to any overtime payment for work performed during the week that such leave is taken.
2. In the event that an employee is called in before or after his/her regular work hours, said employee will be guaranteed a minimum of two (2) hours time for compensation purposes. It shall be understood that this call in or call back procedure applies to the situation where the employee is called in or called back on an unexpected/emergency basis. The situation does not apply to the case where an employee knows that he/she will be working past his/her normal shift time and, for the employee's personal convenience, the employee leaves the building only to return later at the scheduled time for the additional work. Moreover, this provision shall not apply to cases where an employee is simply required to work immediately before or after his/her shift when the duration of such work does not last two (2) hours. For example, if a bus driver is asked to drive a run from 12:30pm until 2pm and does so, and is able to drive his/her regular 2pm bus run, he/she will not be entitled to this call in/call back pay. However, if the driver is called back to his/her job after his/her normal run to drive an emergency run, which only lasts forty-five (45) minutes, the driver shall be entitled to the call in/call back two hours pay. Recalls within the paid two-hour period shall not compound compensation.
3. Work Week (Traditional): A full-time employee's traditional work week shall be Monday through Friday for all employees appointed before July 1, 2004, except upon written request of the employee to deviate from that schedule.
4. Work Week (Modified): Positions created after July 1, 2004 and up to two (2) previously encumbered positions per job title vacated after this date will be assigned a five (5) consecutive day schedule that may include weekends as long as the modified positions are posted in advance as such. Additional unencumbered positions may be modified as well through the labor management process. (Note: student-driven positions do not lend themselves to a modified work week and, therefore, generally do not qualify for this scheduling option.)
5. Work Week (Compressed): A compressed four (4) day work week may be instituted for certain positions during certain times of the year. The compressed schedule increases the number of hours worked each day so that the regularly scheduled hours per week is still worked over a four (4) day period as compared to a five (5) day period. Certain positions may be exempt from

compressed work week schedule if the services must be provided on a five (5) day week basis. The School District shall provide reasonable advanced notice to CSEA of plans to institute a compressed work week for a particular group. The notice shall identify impacted employees, and the Labor Management Committee shall meet to address implementation.

## 6. Overtime

- a) The normal work week for all pre-July 1, 2004 employees shall be up to eight (8) hours per day and all hours worked in excess of an eight (8) hour day shall be compensated at one and one-half (1.5) times the regular hourly rate. Time and a half will be paid on Saturdays and double time on Sundays. Each employee shall be notified 24 hours in advance, except in an emergency, in the event s/he is requested to work overtime.
- b) The traditional work week for those appointed after July 1, 2004 shall be up to 40 hours over five consecutive days. Time up to 40 hours per week is compensated as straight time; time worked over 40 hours is compensated as time and a half. Those who work less than 40 hours per work week are not awarded overtime until their total hours reach 40 within a seven (7) day period. If overtime hours are reached on Saturday, time and a half is paid; if on Sunday, double time is paid. Recalls within the paid two-hour period shall not compound compensation.
- c) Overtime would be earned and awarded for hours worked in excess of forty (40) hours in a seven-day period for those staff working a compressed work week.
- d) Any meetings called by the school officials, other than during normal working hours, will be compensated at a minimum of one-half (1/2) hour pay.
- e) Time taken during a compressed work week would neither benefit nor penalize the employee. It would equate to the number of hours actually taken, based on the percentage of hours typically worked in the day. For example, if a ten (10) hour workday schedule were being worked, a vacation, sick or personal day would be charged as 1.25 days taken, which is equal to ten (10) hours.
- f) Employees who are absent without approval for a portion of the regularly scheduled work week (i.e., docked days) immediately prior to their being called for work on a Saturday, Sunday or holiday, will receive the overtime rate only after they have completed a regularly scheduled work week in Article 15.
- g) Overtime is awarded from a rotating list based on seniority. Overtime must be approved in advance, and all overtime work must be performed at the work site. (See Flexible Scheduling and Compensatory Time for related scheduling options.)
- h) The District agrees to utilize qualified part-time bargaining unit employees for Sunday work at straight-time pay. In the event coverage cannot be voluntarily obtained, the School District reserves the right to secure Sunday coverage through the creation of permanent part-time positions to straight-time pay.

## 7. Flexible Scheduling

- a) Flexible scheduling (Flex) within a work week is available on a temporary basis (with supervisor approval) for certain positions so that time worked within one week still averages out to the daily number of hours assigned, although traditional hours may vary by day (assuming no overtime is worked). For example, Judy, a typist normally works 8am to 4pm and is paid for 7.5 hours per day. This week she would like to leave early Friday afternoon, so, with supervisor permission, she works 8am to 6pm on Monday and works 8am to 2pm on Friday, enabling her to meet personal obligations and put in a full week without charging any time.
- b) Flexible scheduling is temporary and not an entitlement (see Modified Work Week for permanent arrangements). It may be denied at the supervisor's discretion in any given week for any given position if such scheduling compromises the duties/responsibilities of the position. The request to use flexible scheduling in lieu of personal or vacation time must be made in writing to the direct supervisor three days in advance, with exceptions for emergencies.
- c) Management has the right to request a flexible schedule on a temporary basis but cannot mandate a deviation from originally designated work hours. Actual hours worked must be reflected on the time sheet. (Note: student driven positions do not lend themselves to a flexible work week and, therefore, do not generally qualify for this scheduling option.)
- d) If an employee's arrival to work is delayed, the supervisor should be notified immediately of his/her intent to make up the time within the same week or a Leave Request Form should be completed.

## 8. Compensatory Time

- a) Employees may opt to take time off in lieu of receiving overtime compensation. Similar to overtime, compensatory (comp) time is awarded in one and one-half (1.5) increments for each hour of overtime worked, per the above definition. Comp time must be retrieved within the school year it was earned; time remaining at school year's end will be forfeited. An employee can have no more than ten (10) days earned at any time; therefore, management reserves the right to require the retrieval of compensatory time as year-end approaches. Once an employee chooses comp time in lieu of overtime, it cannot be converted to a cash overtime payment.
- b) Comp time is a voluntary option for employees who work overtime and cannot be mandated by management. It is selected per each event with supervisor approval. Those in student-driven positions are not eligible for compensatory time and must be paid for overtime instead. Choosing overtime instead of comp time cannot be used as a reason to award additional hours to some employees and not others. The request to retrieve comp time must be made by submitting a Leave Request Form to the direct supervisor three days in advance, with exceptions for emergencies.

## 9. Meals/Breaks

- a) All employees who are regularly scheduled to work more than four consecutive hours per day shall be entitled to a ½ hour unpaid lunch break. Such meal breaks will extend the

workday and must be scheduled with the employee's immediate supervisor so that coverage is maintained.

- b) Should an employee's meal break be delayed such that it does not occur by the beginning of the fourth consecutive hour of work, s/he will be entitled to a 10 minute duty-free break. For example, a 6-hour employee who works from 8:00 am to 2:30 pm will have a scheduled lunch, which begins no later than 12:00. Should such employee's lunch be delayed until 1:00, s/he may take a 10-minute break.
  - c) No other formal breaks are available to employees during the normal workday. It is understood that employees may leave their workstation for short periods for personal reasons. However, any employee seeking to be duty-free for more than 5 minutes must get approval from his/her supervisor and must add the time onto the end of the same workday.
10. Emergency Responders: Members who are active volunteer firefighters may leave work to answer a call for an active structure fire as long as they are not working with students or leaving a building uncovered. The member must provide documentation of their attendance at the call from their Fire Chief. Members must use their personal leave, but it is understood that preapproval is not possible in emergency situations and this documented absence shall not be counted as unscheduled when determining excessive absenteeism in Article 20.

The sick leave bank was not developed to create a reserve pool of days for an individual who has indiscriminately exhausted his/her personal allotted sick leave days. It is also not intended to provide leave to an individual who elects a medical treatment of a non-emergency nature (i.e. elective surgery).

Moreover, in approving vacation requests submitted at the same time, the School District agrees to use seniority in making approvals. Time of the year will not be a determining factor, but the schedule will be arranged to avoid conflict with the school program.
6. It is understood that employees not conforming to a full-time status and accruing vacation time will be paid for said vacation time and may take vacation time during those days that school is in session only with the prior approval of their supervisor.

2. All custodial, grounds, or maintenance employees who are subject to a lay-off may bump cleaners with less seniority. In such situations, the employee shall be paid at the cleaner's rate of pay according to the bumping employee's current rate of pay.
3. An employee whose job is reclassified involuntarily shall have the right to bump back to his/her former position in the event that the new employee's position is being abolished. This is true so long as the affected employee has more seniority than the least senior employee in that employee's formerly held position.
4. All custodial, grounds and maintenance personnel will be provided five (5) complete sets of uniforms which shall be replaced as needed. Grounds and maintenance personnel will also be provided one pair of safety shoes every work year (if necessary). The School District will pay up to \$150 per year for steel-toed safety shoes. The custodial, grounds and maintenance employees will be required to wear the uniforms and safety shoes (grounds and maintenance only) when performing their duties for the School District. Grounds and maintenance personnel that are provided safety work shoes are to use them exclusively while working for the School District.
5. Foul weather clothing will be supplied for custodians, grounds and maintenance personnel required to work in inclement weather.
6. Where there are no volunteers, custodial, grounds and maintenance personnel will perform security duty on a rotating basis in inverse order of seniority. The School District reserves the right to contract with personnel outside of the Bargaining Unit to perform these duties when the situation warrants.
7. When custodial or maintenance personnel are required to drive, they will not be expected to complete their normal work load during the remaining hours of their shift.
8. No custodial, grounds or maintenance personnel shall be regularly assigned to work alone during second or third shifts except in an emergency, not to exceed two (2) consecutive days.

9. A district-wide list for custodial and maintenance overtime will be posted in each building. Moreover, a separate district-wide rotating list for each job title shall be posted in each building.
10. When time is of the essence, the extra work seniority list shall not apply. "Time of the essence" shall mean any situation that does not allow sufficient time, as determined by management, to utilize an extra work or seniority list to secure an individual for work. In the case of isolated situations where time is of the essence, the School District shall have the right to designate an individual to perform that work without utilizing the extra work lists(s). It should be understood that each instance of "time of the essence" would depend upon the situation at hand at that time. The School District will establish a list to track all occurrences of "time of the essence"
11. All second shift or Saturday staff shall be permitted one hour per meeting to attend two CSEA meetings during the school year. They must advise their supervisor in advance and report immediately back to the work site at meeting's end. All work must still be completed within the shift.

## **ARTICLE 24**

### **TRANSPORTATION DEPARTMENT SPECIAL CONDITIONS**

1. Definition: The term bus driver in this section will be understood to also include attendants when attendants are required for the work in question.
2. Runs/Time
  - a) The current number of hours allocated for all current bus runs will be retained until such runs are vacated. When runs are vacated, they will be posted per actual time. However, if a major district-wide initiative dictates a significant change in runs, the School District reserves the right to post runs per the actual hours with two (2) weeks notice to CSEA.
  - b) If a driver has more than a 15-minute break between secondary and elementary runs on any given day, any 15-minutes or less additional time spent on duty after a run will not be paid. For example, a driver's run ends at 9:30 a.m. and the driver arrives back at the transportation department at 9:37 a.m. This driver has more than 15-minutes downtime between the high school and elementary runs so will be paid until 9:30 a.m. Other delays, such as weather conditions and emergencies, may permit extra time, but this must be approved by a supervisor.
3. Seniority

The term seniority shall apply to all *extra work and* trips worked by drivers covered by this agreement. The school district will provide/maintain a seniority list for all drivers covered by this contract. Said list will include the name of each driver as well as their date of appointment. This list shall be kept current and updated within *two business days* of any personnel changes affecting an eligible employee's seniority.
4. Posting/Bidding Process
  - a) Open runs will be posted for five school days during which time any driver may sign on. The posted run will be awarded to the senior driver who has signed the posting. A driver on approved leave can sign on as long as s/he has the ability to drive the run on the first day it comes open.

- b) When the guaranteed number of hours in a regular run (vacant or encumbered) increases or decreases by 30 minutes or more, it will be reposted (exclusive of temporary and special ed runs).
- c) Drivers will not be allowed to bid on any runs that would result in a workday longer than 8 hours in any given day. When extra hours are incurred, overtime will be applied per CSEA contract Article 15A.
- d) Lateral transfers will occur when a route is extended and puts a driver over 8 hours/day, or an issue arises. The transfer will occur by seniority when feasible within the run group (regular ed or special ed). Should a driver be on approved leave, a run will be held by the district within the transfer group so that no hours will be lost.
- e) Drivers cannot bid on an open posted run that is located in the immediate area of their place of residence with the exception of temporary and special education runs as long as the driver's own child is not on that run.
- f) Runs without any students assigned shall be dissolved. If needed, a new run may be created based on the needs of the District. This new run shall be posted for bid.

#### 5. Trips

- a) For trips to be assigned, a driver must indicate "yes" or "no" on the morning sign-in sheet. If the driver leaves the sign-in sheet blank, it is considered an automatic "no" response.
- b) Drivers will be paid for trips from the pre-determined time assigned by the transportation supervisor(s) for that trip, until the trip returns back to the transportation facility parking area. It is the intent of this section to specifically address trips that leave the district after regular afternoon routes begin, but at or before 2:45pm.
- c) The School District will pay a driver who performs a trip for the following:
  - 1) One quarter hour pre-trip (if necessary)
  - 2) One quarter hour to clean bus after the trip (if necessary or unable to be performed during the downtime of the trip);
- d) All drivers required to drive on a legal holiday will be paid two (2) times their normal rate of pay.
- e) There will be no payment for gaps in time (as outlined in this contract) for trips that begin after a driver afternoon route ends. (Note: this time will not be paid in addition to Section 2(b) of this Article.)
- f) A Rotational seniority list shall be developed to determine the assignment of drivers to trips from the most senior driver to the least senior. This list shall not apply to isolated emergency situations where time is of the essence. This list shall be posted for three (3) days, commencing with the first day of work at the beginning of the school year. During the three day posting, drivers may sign their name to the list should they wish to be considered for trips or extra work.

- g) The School District shall have the right to post driving positions that are less than five (5) hours to a maximum of four (4) positions and shall utilize relief drivers only for trips that would interfere with the secondary (HS/MS) and elementary runs. If there are not enough relief drivers to cover trips on a given day, a rotating seniority list will be utilized to identify additional trip drivers. On days when HS/MS late bus drivers are available, the District may utilize them to cover elementary runs to allow drivers the opportunity to be assigned trips departing after 3pm. The District agrees to use relief drivers in this capacity only as a last option for morning trips after looking to utilize regular drivers first.
- h) Although the district recognizes CSEA's exclusivity to bargaining unit work, other district employees may transport students if a bus driver is not free from other runs or otherwise not available at the appointed time.
- i) Although the district recognizes CSEA's exclusivity to bargaining unit work, when the district is unable to utilize bus drivers based on operational needs (e.g. availability of district vehicle and/or distance and time), the district may collaborate with other districts or utilize private contractors to transport special education students. It is not the district's intent to reduce the number of drivers as a result.
- j) Once a trip list is posted, it is each driver's responsibility to check the validity of assignments and immediately advise management of any errors. Management will make every effort to correct errors on the same day as the posting.
- k) Management will fill openings for trips based on the order in which they (the trips) are scheduled for the day by rotating seniority of those who have indicated "yes" on the morning sign-in sheet per Section 5(a) of this Article.
- l) A driver who declines three (3) assignments will have their name removed from the list. Jury duty, bereavement leave, scheduled personal leave or employee illness will not be considered a declination of a trip assignment. If a pattern of absence becomes apparent on the day when a driver has been previously assigned, and the driver has been counseled, the driver may be removed from the trip list by management.
- m) The School District can, under certain circumstances, combine trips that are going to the same geographic area for the purpose of avoiding scheduling conflicts or to help reduce costs. The School District will not overload buses for this purpose or pose a safety risk to driver and/or students in doing this.
- n) When more than one bus is needed for an assignment and a bus is cancelled, the last driver posted shall be the first driver cancelled.
- o) Split trips will be scheduled as such if the Transportation Coordinator, in consultation with the Athletic Director or school administrator, determines it is possible. If a split trip is approved, the driver, who takes the team to the location, must be notified by the coach of the return time. Trips scheduled for non-holiday weekends during Thanksgiving, Christmas, February and April District scheduled breaks shall not be scheduled as split trips, and drivers shall be paid their normal hourly rate for all hours of the trip.

## 6. Extra Work

- a) Work that is scheduled by management for a specific period of time in addition to regular runs is considered extra work.
- b) Eligibility and assignment rules that apply to trips also apply to extra work including a separate rotational seniority list.
- c) When time is of the essence (see below), the extra work seniority list shall not apply.
- d) Elementary late runs are considered extra work and are re-bid on an annual basis.
- e) For extra work to be assigned, a driver must indicate “yes” or “no” on the morning sign-in sheet. If the driver leaves the sign-in sheet blank, it is considered an automatic “no” response.
- f) Drivers who are awarded extra work through the bidding process must relinquish his/her right to bid on other extra work or trips that would conflict with the scheduled extra work for the time for which that is scheduled.
- g) If a driver is out on an extended leave of more than ten (10) school days, the District reserves the right to re-bid his/her extra work for up to five (5) business days at a time until said driver returns to his/her duties. In the event that a period of fewer than five (5) business days remains after the previous time has been bid upon, the remainder of days shall be bid on as a block.

## 7. Time of the Essence

- a) “Time of the essence” shall mean any situation that does not allow sufficient time, as determined by management, to utilize an extra work or seniority list to get an individual for work. In the case of isolated situations where time is of the essence to perform transportation work, the School District shall have the right to designate an individual to perform that work without utilizing the extra work lists(s). However, the School District will utilize the most senior driver available at the time to fulfill the needs of the situation. For example, an oversight is made in the number of buses required for a trip, the trip must go immediately. The most senior driver available at the time is utilized to fulfill the needs of the situation. It should be understood that each instance of “time of the essence” would depend upon the situation at hand at that time. The School District will establish a list to track all occurrences of “time of the essence.”
- b) True emergencies preclude the requirement to post by rotation. However, every effort will be made to award the work opportunity to the most senior driver available at the time.

## 8. Unscheduled Driving Time and Gaps in Work time

- a) The intent of this is to better utilize the work force during these “non-driving times” and to be able to continue to justify payment of time for these periods throughout the day. Refusal to perform the requested work or failure to make oneself available when requested to perform constitutes grounds on the part of the School District for disciplinary action.
- b) During the course of the school day, “gaps” in time periods evolve due to meetings scheduled for the department. In these instances, the School District agrees to pay drivers for gaps created under these circumstances up to one-half (1/2) hour. Payment of this time is applicable for gaps of one (1) hour or less. For example, if a driver’s route ends at 9:30am and a meeting is scheduled at 10:30am, that driver would receive payment for one-half

(1/2) hour. Any gaps in time longer than one (1) hour shall not apply for this pay. In the case where drivers are getting paid for gaps in time, the drivers must be available to perform the following:

1. Interior cleaning of their vehicle;
  2. Exterior cleaning of their vehicle, provided there is reasonable time to do so;
  3. Other driving duties;
  4. Other duties as assigned.
- c) Other duties may include, but are not limited to, (1) time of the essence, (2) unscheduled trips, (3) driving mileage for the School District, (4) taking students home that are ill, suspended, etc., (5) other duties included filing, delivering mail, etc. The School District agrees it will not purposefully pose a delay so as to assign work under “other duties.”)
- d) If drivers do not make themselves available for assignment of the above work during these “gaps in time,” they will not be eligible for payment for this time.

#### 9. Emergency Situations

- a) At time outside the normal work day/week when buses are in use, the School District will make available an emergency call list for the driver(s) to utilize in case of an emergency while out on a trip. This call list will utilize personnel first. Drivers will be reimbursed for necessary expenses related to handling the emergency situation.
- b) At times outside the normal work day/week when buses are in use, the School District shall provide a list of emergency numbers for the drivers to call should they need assistance while they are on a trip.

#### 10. Schedule Changes

- a) Half-day/Abbreviated Schedule:  
On days when the School District operates on a half-day or abbreviated schedule, drivers will be compensated for their regular route hours and the School District will not pay for gaps of time between runs caused by the change in schedule. The School District will have the right to utilize drivers for other duties as long as it doesn't go over the total hours they are regularly paid in a workday. For example, an 8-hour driver may be utilized to drive students home from a school outside of the district if the total time combined with the driver's regular run doesn't go beyond that driver's regular work day and the work doesn't interfere with their regular run. All drivers will be compensated for any work scheduled above and beyond their daily hours, i.e. transportation meetings.
- b) Early Dismissal  
On days when students attending schools outside of the School District have an early dismissal schedule that conflicts with the regular driver's other scheduled work for the day, the School District will require the regular driver to drive the route paying more time.

#### 11. Training

- a) Driver Training -
  - 1) The School District will provide first consideration to members of the bargaining unit to fill driver-training positions. In light of the fact that these positions require individuals with excellent oral and written communication skills, good organization and excellent interpersonal skills, members interested in filling these positions will be

considered based on their ability to meet the qualification. In the event members possess equal qualifications, seniority will be considered in filling the position(s). Employees who work as driver trainers will be paid a \$2/hour differential and will be required to train in accordance with the School District training program. In compliance with prior practice, the School District reserves the right to utilize individuals outside the bargaining unit to provide State mandated safety courses and specialized safety training.

- b) Drivers scheduled to conduct training are expected to perform said training before accepting extra work or trips.
- c) 19-A Work -
  - 1) Employees who work as a 19-A CE or a SBDI shall receive a stipend per Article 9, Section 3 as long as they continue to do 19-A CE or SBDI work.
  - 2) Employees, including driver-trainers, working as a 19-A CE and/or SBDI are not entitled to receive the \$2 per hour differential when working in these capacities.
  - 3) The School District will only be responsible for all recertification training for employees that it has chosen to work as a 19-A CE and/or a SBDI.
- d) Two-Hour Refresher Meeting
  - 1) The School District will pay drivers their hourly rate for attending the State mandated two-hour refresher course.

## 12. Mechanics

- a) The School District will pay up to \$150 per year for steel-toed safety shoes (if necessary). Mechanics are required to wear the safety shoes while performing their duties for the School District. The School District will supply uniforms and inclement weather clothing as needed.
- b) Mechanics will start buses in inclement weather when it is determined in the best interest of the School District to ensure all vehicles start. This will be coordinated between the Transportation Coordinator and Vehicle Maintenance.
- c) The School District will have a mechanic available until all buses report in from regular routes and elementary late runs.
- d) If a mechanic is called in to perform services on behalf of the School District by management, they shall be paid a minimum of two (2) hours at their appropriate rate.

## 13. Summer Work

- a) The Transportation Coordinator or his/her designee shall develop and post summer routes available to the bargaining unit for work, prior to the end of the regular school year. Routes for summer work will be exclusive to the bargaining unit except for work performed by another school district, in a collaborative arrangement, whereby the cost for said work is less than the cost of the unit providing the work. In addition, this exclusivity will only pertain to routes that travel in a fifty-mile (50) radius from the district's transportation facility.

- b) Job postings for summer work routes will be available for bidding by unit members no less than three (3) days. Individuals signing up to perform summer work will be available for the entire duration of the work signed on for and will be eligible to perform summer trip work, if such work does not conflict with assigned runs.
- c) For summer work, drivers and attendants shall bid for this work in their respective job titles. In the event that an attendant position(s) is available and the attendant seniority list has been exhausted, a bus driver shall have the right to bid for the attendant position based on the driver seniority list. Any employee filling in for an attendant position must be certified as per NYS Education Department requirements. The pay rate for the driver receiving the job posting for a summer attendant position will be paid the starting rate for bus attendants.
- d) A substitute list for summer route work shall be posted for three (3) days and shall be made available for signing to those part-time drivers and part-time attendants of the department. This list will be based on seniority and shall be used in a rotating manner. If the substitute required for the route is an attendant, attendants who sign on the list will be asked first, then drivers will be asked to substitute. Individuals signing on this list are expected to be available to perform work as a substitute when called on to do so. A substitute that fails to be available three (3) times over the duration of the summer route schedule will be removed from the “summer route substitute list” unless the dispatcher was notified ahead of time of unavailability. For example, the employee is on vacation the first week of August and gave the dispatcher the appropriate notice.
- e) Leave (e.g. personal, sick, bereavement) does not accrue for drivers performing summer work.
- f) Summer trips will be covered as stated under Article 24, Section 5 (Trips). Should the School District have difficulty covering summer trips, the School District has the option to determine other ways of assigning trips as long as the guidelines for the trips are followed under contract.
- g) The summer trip list will be in effect until the school year three-day posting trip list takes effect. This list will be based on seniority and will be utilized in a rotating manner.

#### 14. General

- a) Pursuant to Article 19A of the Vehicle and Traffic Law, all drivers are expected to maintain the cleanliness of his/her assigned vehicle both inside and outside. This includes exterior washing of the bus on a reasonable basis. All attendants assigned to a route will be required to assist the driver in maintaining a clean bus.
- b) Attendants shall be assigned to travel with CSE students on School District’s buses, in accordance with the requirements of the students’ IEP and specific needs.

**ARTICLE 25**  
**SPECIAL EDUCATION AIDE SPECIAL CONDITIONS**

1. Special Education Aides are defined as classroom teacher aides who are employed specifically to assist or who are specifically assigned to particular student(s) and/or classroom(s), pursuant to such student's IEP or the needs of the classroom.
2. Special Education Aides serve at the discretion of the School District and may be transferred at any time, with or without cause. Special education aides shall contact HR as soon as they are advised that their student will be leaving (or has left) the district to inquire about reassignment options. When there is a potential for a Special Education Aide to lose their position due to the loss of a student, the District will notify the CSEA President to allow for input on any potential movement/layoff of the affected member. Should a Special Education Aide no longer be assigned to a child or a classroom, the Aide may choose to exercise their seniority over *School Aides* and "bump" into this title. If this option is exercised, the Aide shall be guaranteed at least 25 hours per week and shall be paid at the School Aide rate upon assignment to this title. After notification to the CSEA President and affected Special Education Aide, a final decision on "bumping" would need to be made within five (5) business days.
3. New special education aides shall be paid in accordance with the CSEA Starting Salary Rates ("Special Education Aide") and shall be granted any increases negotiated for such position. Vacancies will be filled by displaced special education aides when/where feasible based on the needs of the student and the best interest of the district.
4. Special education aides shall not be afforded the same layoff/recall rights as stated in the CSEA contract due to the nature of their positions (being student driven), which means that a 30-day notification may be waived if not feasible.
5. Depending on the classroom and specific assignment, special education aides may be granted up to 30 minutes per week within their school day for meeting and collaborating with teachers. Should there be blocks of time during the day when the aide is not working with a student, the district reserves the right to re-assign him/her to a building level function during such blocks.

**ARTICLE 25 A**  
**ADMINISTRATIVE AIDES SPECIAL CONDITIONS**

1. Administrative aides are paid based on 37.5 hours per week, following the 186-day school calendar. They also work up to an additional 14 days when school is not in session (summer or breaks) as scheduled with and approved by their supervisor. These days must be worked in whole (7.5 hrs) or half (3.75 hrs) day blocks and must be submitted on a timesheet within the payroll period.
2. For administrative aides hired before July 1, 2008, leave accruals shall be granted per the allocation for 11-month staff. However, for purposes of retirement (Article 13 - 2), buyouts will be based on that for a 10-month employee (maximum 30 days over 100). Those hired on or after July 1, 2008 will be allotted leave accruals consistent with that of 10-month staff.

**ARTICLE 26**  
**LAYOFFS AND VOLUNTARY DEMOTION**

1. Civil Service Law (Section 80), as interpreted by the Saratoga County Department of Personnel, will determine layoff and bumping procedures for competitive positions as the circumstances occur.
2. Permanent Civil Service non-competitive and labor class staff are entitled to bump the least senior same title employee. Special education aides do not have bumping rights based on their student specific assignments.
3. If employee(s) position(s) is/are to be abolished, employee(s) shall be notified at least 30 days prior to the layoff in writing. A reduction in the number of hours an employee is scheduled to work on a regular basis shall not constitute a layoff under this provision. For example, if a bus run is eliminated by the School District whereby an employee is no longer required to drive the run, but the employee still has other runs to drive for the School District, the employee shall not be deemed to have been laid off for the eliminated bus run, and no notice need be given to the employee under this provision.
4. In any year where there are not bargaining unit layoffs in a particular department, student workers may be used in that department to perform work within the School District providing the employment meets all applicable federal and state guidelines. The pay rate for these students will be set by the Board of Education, and will not exceed the first step of the salary schedule for the position the individual(s) will work. Department shall be defined as Transportation, Clerical, Custodial, Maintenance, Grounds, Educational, Medical, Technical, and Pool. These departments' titles are defined in the Salary Schedule.
5. In layoff situations where there are voluntary demotions due to bumping, the employee shall be paid at the rate of pay equal to the average rate of pay for an employee in that job classification with the same number of years' experience as the bumping employee.
6. All unit members (except special education aides) who are laid off are put on a preferred eligible list for four years to be re-hired should a vacancy in that job title occur. For special education aides, vacancies will be filled by displaced aides when/where feasible based on the needs of the student and the best interest of the district. (See Article 25, Section 2)

**ARTICLE 27**  
**GRIEVANCE PROCEDURES**

Within the formal procedure, the responsibility for the hearing of a grievance and rendering a decision will rest with the following person or group in the following order.

1. Immediate Supervisor (Informal/Formal)
  2. Director of Human Resources
  3. Superintendent of Schools (or designee)
  4. Board of Education
  5. Final and Binding Arbitration
1. DEFINITIONS
    - a) Employee: shall mean any person covered by this Agreement as provided for under Article 6, Collective Negotiating Unit.

- b) Administrator: shall mean any employee responsible for or exercising any degree of supervision or authority over a non-instructional employee.
- c) Chief Administrator: shall mean the Superintendent of Schools.
- d) Immediate Supervisor: shall mean the administrator to whom the employee directly reports.
- e) Representative: shall mean the person or persons designated by the employee who presented the grievance as his/her counsel or to act on his/her behalf.
- f) Days: shall mean business days (not to include holidays or weekends).
- g) Grievance: shall mean any claimed violation, misinterpretation, or inequitable application of any law, Board of Administrative rule, regulation or policy relating to or involving an employee.

## 2. BASIC PRINCIPLES

- a) The intent of these procedures is to provide orderly settlement of differences in a fair and equitable manner. The resolution of a grievance at the earliest possible stage is encouraged.
- b) An employee shall have the right to present grievances in accordance with these procedures, free from coercion, interference, restraint, discrimination or reprisal.
- c) An employee shall have the right to be represented at any stage of the procedures by a union representative or legal counsel of his/her own choice.
- d) All hearings shall be confidential.
- e) It shall be the responsibility of the Chief Administrator of the district to take such steps as may be necessary to give force and effect to these procedures. Each administrator shall have the responsibility to consider promptly each grievance presented to him/her and make a determination within the authority delegated to him/her within the time specified in these procedures.

## 3. GENERAL PROCEDURES

- a) To be entertained, a grievance must be filed at the first available stage within twenty (20) days after the act or condition upon which the grievance is based or twenty (20) days from the date the aggrieved first had knowledge of such occurrence.
- b) If a decision at one stage is not appealed to the next stage of the procedure within the time limit specified, the grievance shall be deemed to be discontinued and further appeal under this agreement shall be barred.
- c) In the event of the unexcused failure on the part of an aggrieved party to be timely, the grievance shall be deemed to be withdrawn. If the employer or designee fails to make a decision within the required time period, the grievance (including remedy sought) shall be deemed to be upheld and in all respects final and binding upon the parties.
- d) An employee who is invoking the grievance procedure shall so state the grievance in writing, giving a detailed statement which defines the nature of this grievance; this will be done at each stage of filing for grievances.
- e) All decisions shall be ordered in writing at each step of the grievance procedure, setting forth findings of facts, conclusions and supporting reasons thereof. A copy of the decision at each stage shall be promptly transmitted to the aggrieved party and the Unit President, such copy to be placed in the possession of the parties no later than the expiration of the applicable time limit.
- f) The Grievance Committee is entitled to submit grievances directly. Grievances shall be initiated normally at Stage 1. In the event that a grievance affects more than one school, or involves a matter over which the immediate supervisor has no authority, it may be initiated at Stages 2, 3, or 4.

- g) The preparation and processing of grievances shall be conducted at mutually acceptable times. The time, place and date of meetings shall be decided upon between the appropriate Unit representatives and School District within five (5) days after the receipt of a request for such a meeting.
- h) The Board, the Administration, the Unit and the aggrieved party shall facilitate any investigation which may be required and make available any and all materials and relevant documents, communications, and records concerning the alleged grievance.
- i) All documents, communications and records dealing with the processing of a grievance shall be filed separately from the personnel files of the participants, unless corrective action results against an employee.
- j) Nothing in this Grievance Procedure shall be construed as preventing an employee from processing a grievance independently of the Unit through Stage 4 of the Grievance Procedures. If an employee is proceeding independently, the time limits and other provisions of this procedure must be observed. An employee proceeding independently may not enter into any agreements with the District that violate the terms of this Agreement.
- k) In Appendix II of this Agreement, forms used in the grievance procedure shall be reproduced by the School District and made readily available to the Grievance Representatives and the Unit President or designee.

#### 4. PROCEDURES FOR PROCESSING GRIEVANCES

***PROGRESSIVE DISCIPLINE PROCEDURES***

---

## CENTRAL SCHOOL DISTRICT

---

### PROGRESSIVE DISCIPLINE PROCEDURES

**Background:** The goal of progressive discipline is to demonstrate employer concern that work performance is being affected and to correct/modify employee conduct. The supervisor's role is proactive and focuses on measures that assist an employee to get back on track toward solid job performance. Reciprocally, it is expected that the employee be responsive to such re-direction and take responsibility for his/her own behavior. The following steps are considered progressive; one building on the other if/when a specified behavior is not modified.

**Informal:** The following actions, not considered punitive in nature, are taken when infractions are relatively minor and are not formally documented. For maximum effectiveness, these actions should take place promptly after the infraction.

1. Verbal re-direction
2. Verbal warning

**Formal:** To be used for more serious offenses and/or when sustained progressive disciplinary actions have not corrected an unacceptable pattern of performance within the designated timeframe; all formal disciplinary action must be reviewed with the Office of Human Resources prior to initiation and the unit president must be notified.

3. Counseling Session (documented via Employee Counseling Memo)
4.
