- **What's New Around the Lake - these were NOT put up for discussion with no questions or answers provided at the meeting and no opportunity for spectator input**
 - **Crabby Bill's Docks** - Michelle Hess said Crabby Bill's extended docks another 100'. No permits were obtained to do this and the County is looking into this to see if a permit was needed or if they are violating any laws
 - **Totes** - flyers are available on the table at the front with schedules and instructions for the garbage program through the county. These were not distributed with the totes originally.

- What we know now about totes: everyone in Castile town is paying in their taxes trash pickup seasonal or full-year. Perry was not included in this. Eberstein, Prentice, and where Ron and Karen are was not included. If they are not included why can't others opt out? Because Town of Castile bought into it but Town of Perry did not.
- Jim Bragg WANTED to attend meeting. He was denied the opportunity to speak at this meeting. Regional Manager for WM has been contacted but it is not well understood on their end. WM contacted county without resolution. Becky Ryan was contacted the Chairwoman of Board of Supervisors. She was unable to reach resolution
- Assemblyman Dipietro's office was contacted to see if he could assist. No resolution at this time.
- the 6 totes that were dropped off at Prentice will be picked up
- This is all we know about totes Bob said it has been a fruitless effort
- **Federal Street Gate**
 - Read in the Perry Herald that the Federal St Gate has a problem again. Rick Hauser deferred to Deputy Mayor Samantha. Mtg with her we learned they are losing 4 cu ft per second and the soonest it will be fixed is 4 weeks minimum to get permits. They want to put coffer dam at Walker Bridge to do their work and then allow back fill when it is fixed.
 - CP Ward blames manufacturer, Manufacturer blames CP ward for faulty installation
 - Some debate as to 4 cu ft per second or per minute
- **Lac Life on Main St.**
 - Heather Hanley here to report on her move it is an apparel business for logo merchandise for Silver Lake. She moved to permanent location on Main St with sweatshirts, tshirts, novelty items, etc.
- **Y Camp**
 - Susan Zeliff is here from the Y camp, work has started with roofing and tree work
 - They do not have docks in yet, they are in need of a plumber
 - In the future may have SLA mtgs there when it is ready
- **HOD Award:**
 - Leslie Kunze is assisting bringing back the HOD award. Sign up sheet and nominations due by end of June for anyone within the Silver Lake Watershed. Leslie is working with Betsy Kent and Carol Johnson.

- Have contacted Sheriff department twice to get to get a Boater Safety course somewhere around the lake to comply with new jetski laws and no course available in Wyoming County
 - This would be published to increase participation

New Business – 5 Minutes – Steve Re installation as Asst. Tract Director of the Institute:

Motion to Approve: First: Ron Norton Second: Don Starner

- In Favor: ALL Opposition: NONE

Rich Elias Graveside Memorial; Directory Discussion

Would like to do a graveside memorial, Bob will make a past president marker he is on Bacon Rd near Oatka Rd and West Lake Rd the West Perry Cemetery so he was up on the hill overlooking the lake

Other new business:

- Cost for directories go up every year due to supply chain issues and increasing production costs of the directories

- Started that it was being printed for free then escalated to \$500 to Bob as a sign of good faith and now the cost is \$1200 each year but he has sold the company and prices may increase again. Bob Connolly is doing the best he can to keep costs to a minimum but it is out of his hands.
- Mark Emmerson said that an idea might be to give the Koziel's a lifetime membership they retired and sold their business but they were big in the SL area for many years and many more than a lot of us were present. No concerns doing this from the crowd.
 - Attend annual meeting and be presented with a plaque
- State launch docks are very close to each other now and it is shallow over there so be careful of boats and tires for the trailer to not fall off the edge.

Next Meeting – June 11th 8:30 AM Charcoal Corral

Fun Theme – Flag Apparel in honor of Flag Day
