Review from Wayne Johnson April 2024

Wayne Johnson wrote

I moved to Québec from Tennessee fairly recently, and as a new Canadian permanent resident, I had no idea where to go or what to expect when looking for a repair shop for collision damage to my older Lexus. My wife helped me find Revline, and we decided to take a chance. It was the best decision I could have made.

Owner Frank Dias worked with me from the minute I walked into this amazing shop, and I was simply blown away by how well I was treated. In my nearly 80 years on earth, I have never experienced his level of help and concern during a business interaction.

The work was done quickly, and the repair and paint job were truly exceptional. This company is obsessed with customer satisfaction; they bend over backwards to meet a customer's needs from start to finish. Revline has my highest recommendation and my most sincere thanks!
