COASTAL DEVELOPMENT PERMIT APPLICATION

CHECKLIST (cont.)

- Verification of all other permits, permissions or approvals applied for or granted by other public agencies.
- Declaration of Campaign Contributions. (Appendix A)
- Local approval of the project with local staff signature. (Appendix B)

- Filing fee. (Appendix E)
- Signatures of all applicants and agents as required by Section VII, Section VIII, Appendix A, and Appendix D.

Note Regarding Amendments: Applicants who wish to amend a prior permit or approval must fill out all applicable sections of this application. The Executive Director will determine if the amendment application must be rejected as inconsistent with the standard of review for the original approval. If accepted, the Executive Director will then determine if an amendment is immaterial or material. If an amendment is material, it is subject to a Commission hearing. If an amendment is immaterial, it will be approved subject to a ten working day noticing period for public objections and (on reporting to the Commission), objections from at least three Commissioners. See Commission regulations, California Code of Regulations, Title 14, Section 13166.

Note Regarding Extensions: Applicants who wish to extend an approval or unvested permit must fill out all applicable sections of this application: Sections I, IV.1, IV.4, IV.5, VII, VIII, and Appendices A, C, and E. Send to the District office with a copy of the issued permit or Notice of Intent to Issue the permit, 90 days or less before the permit approval expires and no later than 5 p.m. Pacific Time on the last working day before expiration. Note the expiration date is not based on permit issuance, but on the date the Commission voted on the original application. Filing of the extension application tolls the expiration date until the application is considered. The Executive Director will determine if changed circumstances require an application for a new permit. If no changed circumstances are found, the extension will be approved subject to a ten working day noticing period for public objections and (on reporting to the Commission), objections from at least three Commissioners. An approved extension lasts for one year from the original expiration date. See Commission regulations, California Code of Regulations, Title 14, Section 13169.

The identity of all persons or entities that have an ownership interest in the property superior to that of the applicant must be provided. Provide proof that all those with ownership interests have been notified in writing of the application and have been invited to join as co-applicants.

Decisions of the Coastal Commission are made on the basis of information in the public record available to all commissioners and the public. Permit applicants, interested persons, and their representatives may contact individual commissioners to discuss permit matters outside the public hearing (an "ex parte" communication). If a commissioner or alternate accepts an ex parte communication, he or she must provide a complete description of the communication either in writing prior to the hearing or orally at the public hearing.

All written material sent to a commissioner, by any method, must also be sent to the Executive Director, California Coastal Commission, 455 Market St., Suite 300, San Francisco, California, 94105, as well as to the appropriate district office, for inclusion in the public record.

FILING FEE INSTRUCTIONS

PAYMENT IN FULL AT TIME OF APPLICATION: Applications will not be processed without full payment of all applicable fees. If overpayment occurs, a refund will be issued. Fees are assessed at the time of application, based on the project as initially proposed. If a proposed development changes during the application review process, the fee may change. If an application is withdrawn, a refund will be given only if no significant staff review time has been expended (e.g., the staff report is not drafted). Refunds are not given based on denial of a permit application by the Commission.

TO CALCULATE THE TOTAL AMOUNT DUE, fill in the applicable amounts in each category below. Add all applicable types of development in Section I (residential), Section II (commercial, other), and Section III (e.g. grading, amendments). Note and apply any multipliers, maximums, and requirements to use the greater of two calculations.

SPECIAL SITUATIONS: See Part IV and check as applicable. Submitted fees for applications that include after-the-fact (ATF) development must be five times the total fee that would apply to all the ATF development under the current fee schedule.

FISCAL YEAR INCREASES: Fees are adjusted each fiscal year (July 1 – June 30) according to the California Consumer Price Index. New fiscal year fees are applied retroactively to July 1, regardless of when the increases are approved or published in the California Code of Regulations. The Commission publishes the new fees on its website and revised applications on or before July 1.

For more information, see Section 13055 of Commission regulations (Division 5.5, Title 14, California Code of Regulations), available via the Commission's Laws and Regulations page. If you have questions, see the Commission's Contacts page to contact district staff.
